Subject: UM 2001 Email re Proposed Dates and Other Information

Please see the email below from Brittany Andrus. Please respond to Brittany at brittany.andrus@state.or.us with your preferred date and any other questions you have. This email is being sent to UM 2000, UM 2001, and PURPA Implementation Email Lists. The email will also be posted in docket UM 2001 for the parties' convenience.

To UM 2000, UM 2001 and PURPA lists:

Staff appreciates the engagement at last Friday's afternoon workshop on interconnection data. We discussed April 19 as a tentative date for the second workshop on this topic; however, this timing does not allow for sufficient time between workshops. Staff is offering the following dates in May, and requests responses by the end of this week. Please be as flexible as possible in your responses:

- May 7, afternoon, in Salem
- May 8, 9, 10 – location/time TBD
- May 16, 17 – location/time TBD

Following this second workshop, in accordance with Order 19-074, Staff will “present a final recommendation for enhanced public information about interconnection for consideration at our June 6, 2019 Public Meeting. The interconnection recommendation should be developed and presented within the UM 2000 PURPA investigation docket.”
