**Subject:** PacifiCorp Transportation Electrification Plan: Join Us For Upcoming Virtual Sessions  
**Date:** Monday, June 6, 2022 12:21:21 PM

---

PacifiCorp is beginning work on updating our Transportation Electrification Plan (TEP) in Oregon. As part of our process, PacifiCorp aims to engage stakeholders iteratively throughout the next few months, both at the local level with our customers, as well as at the state level with state, regional, and national stakeholders. Engagement with interested parties will be held virtually and structured to encourage discussion and gather information to help PacifiCorp produce a TEP that is collaborative, innovative, timely and feasible.

PacifiCorp currently plans a minimum of three virtual meetings over the summer and fall:

- July 7<sup>th</sup>, 9:30-11:30am PDT. This meeting will focus on the current state of electric vehicle adoption and charging infrastructure in PacifiCorp's Oregon service area, barriers unique to our service area and current programs offered by the utility, as well as our goals and objectives for the future.
  - [Please register here.](#)
- August 11<sup>th</sup>, 9:30-11:30am PDT. This meeting will focus on PacifiCorp's initial Roadmap for transportation electrification (TE).
  - [Please register here.](#)
- September 23<sup>rd</sup>, 10:30am-12:30pm PDT. This meeting will investigate prospective programs, budgets, and timelines for efforts to be included in the new TEP following discussions and feedback raised during the previous two sessions.
  - [Please register here.](#)

At all three sessions – as well as any additional, future sessions PacifiCorp might hold – there will be opportunities for stakeholders to comment and make suggestions on how PacifiCorp can enhance the effectiveness of its TE activities. Furthermore, PacifiCorp welcomes stakeholders to reach out and discuss their thoughts individually as well. If the suggested times above do not work, please let us know and we will work to facilitate another discussion.

PacifiCorp is being supported by a third-party to help facilitate and manage these large stakeholder discussions. Meeting materials, and write-ups of each session will also be made available via PacifiCorp website.

Please reach out with any questions or concerns.

Best,  
Kate
