Dial-in: 1-503-446-4951

Phone Conference ID: 704 321 605#

This workshop will discuss the merits and data requirements of a prospective informational RA filing as outlined in Staff's straw proposal filed October 15, 2021. Staff asks that any load responsible entity (LRE) attend in order to ensure their perspective is heard in terms of what is feasible given current data availability. Staff also encourages non-LRE's to attend to discuss data confidentiality and the resulting report should parties determine that an informational filing is appropriate.
