Re: OECA Letter of January 10, 2012

The purpose of this letter is to update the letter that we filed on January 10, 2012. In that letter, we referenced UM 1017 as the source of the March 1 "opt out" date in the Oregon Customer Access Plan (OCAP). The correct reference should have been UM 384.

Please accept this correction. The basic point is that we are seeking a waiver of Part VII of the OCAP to allow a participant until June 1, 2012, rather than March 1, 2012, to "opt out" of any of the OECA pools for this 2012 filing year.

Thank you for your consideration of this request.

Sincerely,

Craig Phillips
Administrator
