About Energy Strategies, LLC:

Energy Strategies provides consulting services to clients in the energy industry. Energy Strategies advises clients on public policy issues such as climate change, assists facilities and institutions in making investment and operational decisions based on decision and risk analysis, and represents clients in regulatory proceedings. Energy Strategies provides expert testimony in all major components of a general rate case including revenue requirements, cost of service, rate spread and rate design.

Clients include: American Pacific Corporation, Arizonans for Electric Choice & Competition (AECC), Colorado Energy Consumers, The Kroger Co., Nucor Steel, Utah Association of Energy Users (UAE), and Wyoming Industrial Energy Consumers (WIEC).
