Sierra Club respectfully moves this Commission for leave to file late comments in the above-captioned matter. Our office submitted its comment letter at 5:13 p.m. on August 27, 2015, and served it on the parties moments later. We experienced several last minute formatting problems that prevented us from submitting the comments before 5:00 p.m. Our comments contain numerous complicated tables and graphs that refused to bend to our attempts to properly format the document.

No party to this proceeding will be harmed by Sierra Club's late filing. PacifiCorp need not respond to comments until September 24, 2015. The fact that the company was served approximately 13 minutes after the deadline should not prejudice its ability to review and fully respond in September.

Attached to this motion is the same comment letter Sierra Club submitted to the docket and served to parties on August 27, 2015, with corrected table of contents and page numbers. Also attached is the receipt from the Commission of the Sierra Club's initial filing.

Sierra Club regrets the delay and always strives to fully comply with commission rules.

August 28, 2015

Respectfully submitted,

/s/ Gloria D. Smith
