In regards to Violation of Oregon Utility Notification Center rules DOJ File No. 860140-GB0505-17/Docket No. NC 372

I received a pdf copy of this violation on Friday, September 29, 2017. Unfortunately, the address to which the DOJ mailed this violation and the misspelling of the name on the notification were both incorrect and delayed the intended receipt of the notice. We are asking for an extension until October 18, 2017 in order to respond appropriately to the notification. Ms. Hunter, successfully mailed to the correct address and name the original complaint so we puzzled as to the confusion as to who and where this notification arrived.

Please also note that I spoke to Karla Hunter on August 25, 2017 and no agreement to any stipulations were made at that time. In fact, I repeatedly explained that I did not have to authority to either agree or disagree with any stipulation of facts.

I appreciate your prompt attention to this matter and look forward to hearing from you in regards to an extension.

Kindest regards,
Cathy
