25  
26  
27 Ken Lewis and Utility Reform Project move that this proceeding incorporate a  
28 variations on the service rules of the Commission, which has been adopted in  
29 previous proceedings with lengthy service lists: Service of a complete document (or  
30 set of documents) by email to the service list is deemed to satisfy service  
31 requirements.

32 In previous cases with lengthy service lists, such as UM 1121, parties have  
33 been allowed to satisfy service requirements by emailing each document (or set of  
34 documents), on the same day as filing, to each party on the service list

1 with an email address. We move that this process be incorporated into these  
2 dockets, as the service list is already lengthy and can be expected to grow (due to  
3 the significant public interest in these dockets).
