Order No. 08-354
Entered 07/03/08

Mr. Grant,

This letter is to request an extension in order to complete the packet of information that is requested for this filing. This is the first time Mill Mar Estates has filed. I have been working on this, however the information I am looking for is with several individuals. My grandfather, who developed this system, is 98 years old and is failing in his memory. I am now paying someone to collect this information since I work daily, full time, and run my own business on the side. I believe that an extension of 45 days would be sufficient.

Thank you for your time,

Paige Harrison
