Consumers ("AWEC") hereby submits this Petition to Intervene in the above-captioned

proceeding and seeks party status. In support of this Petition to Intervene, AWEC states as

2. AWEC is a non-profit association with a membership consisting of more than 50 end users of natural gas with major facilities in the States of Oregon, Washington, and Idaho. AWEC members include diverse industrial and commercial interests, including those related to food processing, pulp and paper, wood products, electric generation, aluminum, steel, chemicals, electronics, aerospace, and healthcare providers. The association provides an informational service to its members and participates in various regulatory matters that affect member interests. AWEC member companies purchase sales and transportation services from Oregon local distribution companies including Northwest Natural Gas Company ("NW Natural").

3. On August 28, 2019, the Public Utility Commission of Oregon adopted Staff's recommendation to open an investigation into the appropriate methodology for determining the cost-effectiveness of renewable natural gas resources for NW Natural's customers. Because AWEC member companies purchase sales and transportation services from NW Natural, AWEC has a direct and substantial interest in NW Natural's application and, therefore, in this proceeding.

4. AWEC's participation in this proceeding will assist the Commission in resolving the issues, and will not unreasonably broaden the issues, unduly burden the record, or delay the proceeding.

Dated this 26th day of September 2019.
