PETITION TO INTERVENE OF
CHARGEPOINT, INC.

Oregon Transportation Electrification Plan

Pursuant to ORS § 756.525 and OAR § 860-001-0300(2), ChargePoint, Inc. (ChargePoint) petitions the Public Utility Commission of Oregon (Commission) to intervene in this proceeding.

In support of this petition, ChargePoint represents as follows:

1. The business address of ChargePoint is:

ChargePoint, Inc.
254 East Hacienda Ave.
Campbell, CA 95008

2. ChargePoint will not be represented by counsel in this proceeding. Alexandra Leumer, Director, Public Policy at ChargePoint, will be ChargePoint's authorized representative.

3. ChargePoint requests that the following contacts also be served with all documents related to this proceeding (electronic service preferred):

4. Founded in 2007, ChargePoint is the world's largest and most open electric vehicle (EV) charging network with more than 110,000 Level 2 and direct current fast EV charging spots, including over 700 ports in Oregon. ChargePoint designs, develops, and deploys residential and commercial AC Level 2 (L2) and DC fast charging (DCFC) electric vehicle charging stations, cloud-based software applications, data analytics, and related customer and driver services aimed at creating a robust, scalable, and grid-friendly EV charging ecosystem.

5. The nature and extent of ChargePoint's interest in this proceeding is to provide comments on Pacific Power Company's transportation electrification plan, as permitted by OAR § 860-087-0020(2)(c). As a provider of EV charging stations and network services, ChargePoint's business activities in Pacific Power's service territory are affected by the "portfolio of actions" that Pacific Power undertakes with respect to transportation electrification, all of which must be described in Pacific Power's Transportation Electrification Plan pursuant to OAR § 860-087-0020(1).

6. The issues that ChargePoint plans to raise in this proceeding include the following:

- a. Whether Pacific Power's Transportation Electrification Plan meets the requirements of OAR § 860-087-0020;

b. Whether the Commission should accept the Transportation Electrification Plan.

7. As a leading provider of EVSE and electric vehicle charging and network services, ChargePoint will bring special knowledge of the EV charging industry to this proceeding. In addition to its industry expertise, ChargePoint has extensive experience working on transportation electrification issues in other states, and will provide the Commission with valuable insights and lessons learned through its participation in this proceeding. The special knowledge and expertise that ChargePoint will bring to this proceeding will assist the Commission with evaluating Pacific Power's Transportation Electrification Plan. ChargePoint has participated in previous transportation electrification dockets before the Commission, including dockets UM 1811, UM 1810, ADV 485, AR 599, UM 2033, and UM 2035 and will bring its experience and expertise developed in these dockets to bear in this proceeding.

8. ChargePoint's participation in this proceeding will not unreasonably broaden the issues, burden the record, or delay this proceeding.

9. ChargePoint has a direct and substantial interest in this proceeding and its interests cannot be adequately represented by any other party. It is in the public interest to grant ChargePoint's petition to intervene in this proceeding.

For all the reasons stated herein, ChargePoint respectfully requests that the Commission grant its petition to intervene in this proceeding.

Respectfully submitted on March 26, 2020,

BY: /s/ Alexandra Leumer
