## CARRIER-TO-CARRIER AGREEMENT CHECKLIST

INSTRUCTIONS: Please complete all applicable parts of this form and submit it with related materials when filing a carrier-to-carrier agreement pursuant to 47 U.S.C. 252 and OAR 860-016-0000 et al. The Commission will utilize the information contained in this form to determine how to process the filing. Unless you request otherwise in writing, the Commission will serve all documents related to the review of this agreement electronically to the e-mail addresses listed below.

YES, Docket ARB

Amendment: Amends an existing carrier-to-carrier agreement.

# Rate Amendment to the Unbundled Network Elements Combinations (UNE Combinations) Amendment to the Interconnection Agreement between Qwest Corporation and OneEighty Networks, Inc. for the State of Oregon

This is an Amendment ("Amendment") to the Interconnection Agreement between Qwest Corporation (fka U S WEST Communications, Inc.) ("Qwest"), a Colorado corporation, and OneEighty Networks, Inc. (Assigned from HighSpeed Communications, LLC) ("CLEC"), a corporation.

## **RECITALS**

WHEREAS, the Parties [U S WEST Communications, Inc. and HighSpeed.Com of Oregon, LLC (aka HighSpeed Communications, LLC), a Washington limited liability corporation] entered into an Interconnection Agreement, for service in the State of Oregon, that was approved by the Oregon Public Utility Commission on June 9, 1999, as referenced in Order No. 99-377 ("Agreement"); and

WHEREAS, Effective October 1, 2003, HighSpeed Communications, LLC sold certain assets and related interests in Washington to OneEighty Networks, Inc., that included the assignment of the HighSpeed Interconnection Agreements and Amendments to OneEighty Networks, Inc.

WHEREAS, the Parties entered into an Unbundled Network Elements Combinations (UNE Combinations) Amendment, that is currently pending before the Commission and was executed by Qwest on March 26, 2004; and

WHEREAS, the Parties wish to replace the aforementioned Amendment with the Terms and Conditions contained herein to include Unbundled Network Elements Combinations (UNE Combinations) rates that were inadvertently omitted.

#### **AGREEMENT**

NOW THEREFORE, in consideration of the mutual terms, covenants and conditions contained in this Amendment and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

### **Amendment Terms**

The aforementioned Unbundled Network Elements Combinations (UNE Combinations) Amendment is hereby amended by replacing Exhibit A, in its entirety, with the attached Exhibit A, incorporating rate elements that were inadvertently omitted.

Rates in Exhibit A shall be updated to reflect legally binding decisions of the Commission and shall be applied on a prospective basis from the effective date of the legally binding Commission decision, unless otherwise ordered by the Commission. Rates in Exhibit A that are "Under Development" shall be updated upon establishment of a rate.

#### **Effective Date**

This Amendment shall be deemed effective upon Commission approval; however, the Parties may agree to implement the provisions of this Amendment upon execution. To accommodate this need, CLEC must generate, if necessary, an updated Customer Questionnaire. In addition to the Questionnaire, all system updates will need to be completed by Qwest. CLEC will be notified when all system changes have been made. Actual order processing may begin once these requirements have been met.

### Amendments; Waivers

Except as modified herein, the provisions of the Agreement shall remain in full force and effect. The provisions of this Amendment, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to departures from the provisions of this Amendment may not be given without the written consent thereto by both Parties' authorized representative. No waiver by any Party of any default, misrepresentation, or breach of warranty or covenant hereunder, whether intentional or not, will be deemed to extend to any prior or subsequent default, misrepresentation, or breach of warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

#### **Entire Agreement**

The Agreement as amended (including the documents referred to herein) constitutes the full and entire understanding and agreement between the Parties with regard to the subjects of the Agreement as amended and supersedes any prior understandings, agreements, or representations by or between the Parties, written or oral, to the extent they relate in any way to the subjects of the Agreement as amended.

The Parties intending to be legally bound have executed this Amendment as of the dates set forth below, in multiple counterparts, each of which is deemed an original, but all of which shall constitute one and the same instrument.

#### NOTES:

Unless otherwise indicated, all rates are pursuant to Oregon PUC Dockets listed below:

- # Voluntary Rate Reduction Docket UM 973. Reductions reflected in the 12/3/02 Exhibit A.
- [1] Rates not addressed in a Cost Docket (estimated TELRIC)
- [2] Market-based rates
- [3] ICB, Individual Case Basis pricing.
- [4] Rates per FCC Guidelines.
- [6] For services where volume and term discounts apply to retail customers, the wholesale discount rate offered shall be the greater of 17% or the discounted retail percentage plus 8.5%. This is pursuant Commission order in Docket UM 962, Order Number 02-821.
- [9] All technically feasible Vertical Switch Features are available with compatible unbundled switch ports. Only basic Vertical Switch Features with nonrecurring charges are listed. Nonrecurring charges are applicable whenever a feature is added whether on new installation, conversion, or change order activity.
- [10] Qwest will initially charge interim rates for all unbundled Local Switching Market Based elements at the rates set forth in Exhibit A which are the UNE based rates. Qwest will initiate market based rates for Local Switching Market Based elements on a prospective basis only upon execution of an amendment to change the interim UNE based rates to market based rates. It should be noted that Local Switching / Market Based Elements may differ from the Local Switching UNE based elements.
- [11] Qwest will not charge for this element until the Commission has an opportunity to review and approve a rate in a future cost proceeding.
- [12] Rates proposed in UM 1025
- [13] Qwest is unable to bill Manual NRC rates at this time, the corresponding Mechanized NRC rate will be billed instead.
