ATTACHMENT 1
Collocation Joint Inventory Visit

1.0 Description

1.1 Collocation Joint Inventory Visit allows a CLEC to request a comprehensive visit with Qwest at an existing CLEC central office Collocation site. The purpose of this Joint Inventory Visit is to perform a complete inventory of a CLEC collocation site including the review of: space, power, terminations, synchronization, administrative lines, all collocated virtual equipment, common area splitter, AC outlets, and to verify billable rate elements versus actual billing

1.2 There will be no time allocated during the visit for testing or repairing items identified. The Joint Inventory Visit Process excludes physical review of the Entrance Facility POI location. The inventory will be documented and any deviations (e.g., between the inventory and the Qwest billing for the collocation site) identified on a "Collocation-Joint Inventory Visit Form. This form will become the basis for a follow-up corrective action plan based on mutual agreement. A copy will be provided prior to the wrap-up conference call. One possible corrective action may be that Qwest would adjust its billing to CLEC for the inventoried collocation site to insure that the billing reflects only the inventoried items.

2.0 Terms

2.1 Joint Inventory Visit is available for any Central Office premise type of Collocation.

2.2 Joint Inventory Visit quote will be communicated from the Qwest Collocation Project Management Center (CPMC) via email to the CLEC and followed by an invoice requiring 100% payment. Quotes are sustainable upon receipt, since the shortened timeframe requires immediate processing by Qwest. Although the process for Joint Inventory Visit calls for a quote, the Parties acknowledge that the aggregate of all charges associated with Joint Inventory Visit, including the quote, shall not exceed the amount of the Joint Inventory Visit Fee set forth in Exhibit A.

2.3 The visits will be conducted during normal business hours defined as: Monday through Friday from 8am to 5pm local time excluding Qwest recognized holidays.

2.4 The Qwest employee conducting the visit will be a management employee knowledgeable about the collocation of telecommunications services. The Qwest representative will be identified by a State Interconnect Manager (SICM).

2.5 The overall process for a Collocation Joint Inventory Visit will be sixty (60) Days from receipt of a valid and complete application to completion of the wrap-up conference call.

2.6 A maximum of two scheduling visits will be planned per application subject to a minimum forty-eight (48) hour cancellation policy. Any cancellation less than forty-eight (48) hours prior to the scheduled Joint Inventory Visit time or failure to conduct the visit

by CLEC will result in CLEC being billed and no deliverables received.

3.0 Ordering

3.1 CLEC must submit a "Joint Inventory Visit Application" to order a Collocation Joint Inventory Visit. The Joint Inventory Visit Application is available at <http://www.qwest.com/wholesale/pcat/collocation.html#imp>.

3.2 Each site requested will require a separate application form. A site is defined as each eleven digit CLLI code location.

3.3 CLEC will receive an email acknowledgment of the application receipt and validation or feedback on any information requiring clarification within one (1) business Day.

4.0 Rate Elements

4.1 The pricing for this process is a state specific nonrecurring charge identified in Exhibit A.
