Montague Wind Power Facility, LLC

Docket No. EG19-78-000

NOTICE OF SELF-CERTIFICATION OF EXEMPT WHOLESALE GENERATOR STATUS

Pursuant to the Public Utility Holding Company Act of 2005 ("PUHCA 2005"), enacted as part of the Energy Policy Act of 2005,¹ and Section 366.7 of the Rules and Regulations of the Federal Energy Regulatory Commission ("FERC" or the "Commission"),² Montague Wind Power Facility, LLC ("Applicant") hereby submits this Notice of Self-Certification of Exempt Wholesale Generator ("EWG") Status based on its development, ownership, and expected

operation of an approximately 200 MW wind generating facility located in Gilliam County,

Oregon.

I. CORRESPONDENCE AND COMMUNICATIONS

All communications and correspondence regarding this Notice shall be directed to:

Toan Nguyen Deputy General Counsel Avangrid Renewables, LLC 1125 NW Couch Street, Suite 700 Portland, OR 97209 Tel: (503) 241-3204 toan.nguyen@avangrid.com

II. DESCRIPTION OF APPLICANT

Applicant is an Oregon limited liability company and expects to own and operate an

approximately 200 MW wind generating facility ("Generating Facility") in Gilliam County,

¹ EPAct 2005, Pub. L. No. 109-58, 1261-80, 119 Stat. 594 (2005).

² 18 C.F.R. § 366.7 (2016).

Oregon. The Generating Facility will be interconnected with the transmission system operated by the Bonneville Power Administration.

III. SELF CERTIFICATION OF EWG STATUS

The Commission's regulations require that an EWG be engaged directly, or indirectly

through one or more affiliates, and exclusively in the business of owning and/or operating one or

more eligible facilities and selling electric energy at wholesale.³ Consistent with the

Commission's regulations, Applicant makes the following representations to certify that it will

satisfy the requirements for EWG status:

- 1. Applicant will be engaged directly and exclusively in the business of owning or operating, or both owning and operating, all or part of one or more "eligible facilities" and selling electric energy at wholesale, and the Facility will satisfy the definition of an "eligible facility" under Section 32(a)(2) of PUHCA 1935 because it will be used for the generation of electric energy exclusively for sale at wholesale.⁴
- 2. Applicant will not own any transmission facilities other than those interconnection facilities that are necessary to effect the wholesale sale of electric energy from the Facility, consistent with Commission precedent construing the definition of "eligible facility" under Section 32(a)(2) of PUHCA 1935.
- 3. No rate or charge for, or in connection with, the construction of the Facility, or for electric energy produced thereby, was in effect under the laws of any State on October 24, 1992 and, therefore, no State determination is required with respect to this filing.
- 4. There are no lease arrangements through which Applicant will lease the Facility to a public utility company or any other party.

⁴ Applicant may be engaged in the sale of ancillary services as a by-product that is incidental to the wholesale electric energy sales from the Facility, as permitted by the Commission in *Sithe Framingham, LLC,* 83 FERC ¶ 61,106 (1998). In addition, Applicant may be engaged in the sale of renewable energy credits ("RECs") associated with the electricity produced by the Facility. The Commission has determined that the sale of RECs associated with an eligible facility is an activity incidental to an EWG's business of owning and operating an eligible facility and selling electricity at wholesale. *See Madison Windpower, LLC,* 93 FERC ¶ 61,270 (2000).

³ See 18 C.F.R. §§ 366.7 and 366.1. Section 366.1 incorporates Sections 32(a)(2) through (4), and Sections 32(b) through (d) of the Public Utility Holding Company Act of 1935, 15 U.S.C. §§ 79z-5a(a)(2)-(4), 79z-5a(b)-(d) ("PUHCA 1935"), for the purposes of establishing or determining whether an entity qualifies for EWG status.

- 5. Applicant does not sell electricity at retail to any customer. Accordingly, the Facility does not rely on the exception provided by Section 32(b) of PUHCA 1935 regarding foreign sales of power at retail.
- 6. No portion of the Facility will be owned or operated by an "electric utility company" that is an "affiliate" or "associate company" of Applicant as those terms are defined in PUHCA 2005.

In accordance with Section 366.7(a) of the Commission's regulations, a copy of this

Notice is concurrently being served upon the Public Utility Commission of Oregon. A form of

notice of Applicant's notice of self-certification suitable for publication in the Federal Register

is also attached.

2

IV. CONCLUSION

For the foregoing reasons, Applicant respectfully requests that the Commission accept this Notice of Self-Certification of EWG Status.

Respectfully submitted,

<u>/s/ Toan Nguyen</u> Toan Nguyen Deputy General Counsel

Avangrid Renewables, LLC 1125 NW Couch Street, Suite 700 Portland, OR 97209 Tel: (503) 241-3204 toan.nguyen@avangrid.com

Dated: March 15, 2019

UNITED STATES OF AMERICA

FEDERAL ENERGY REGULATORY COMMISSION

Montague Wind Power Facility, LLC) Docket No. EG19-<u>12</u>-000

1

NOTICE OF FILING

Take notice that on March 15, 2019, pursuant to the Public Utility Holding Company Act of 2005, and section 366.7 of the regulations of the Federal Energy Regulatory Commission (FERC or Commission), 18 C.F.R. § 366.7 (2016), Montague Wind Power Facility, LLC (Applicant) submitted a notice of self-certification as an exempt wholesale generator, as defined in section 366.1 of the Commission's regulations, 18 C.F.R. § 366.1.

Applicant is constructing and will own or lease and operate an approximately 200 MW wind generating facility and certain interconnection facilities located in Gilliam County, Oregon (Generating Facility). The Generating Facility will be interconnected to the electric distribution system owned and operated by the Bonneville Power Administration.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <u>http://www.ferc.gov</u>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

This filing is accessible on-line at <u>http://www.ferc.gov</u>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5:00 pm Eastern Time on _____, 2019.
