Re: RE 4 (45) UM 1294 PGE – Annual Power Cost Variance Deferral

Filing Center:

Staff requested that PGE continue to provide a monthly power cost report containing PGE's net variable power costs by specific accounts as well as PGE's power supply summary reports. This report is confidential and subject to Protective Order No. 07-088.

During the May power cost review, PGE discovered that beginning in February some invoices for fuel oil have been incorrectly charged to PGE account 5470001. This filing provides an adjustment to the months of February through May to account for the incorrectly charged invoices. Starting in June, PGE will record the invoices in the correct accounts and the June power cost filing will reflect the final corrections to the accounts.

Attachment 1 contains two hard copies. One is actual power cost by account and the other is actual MWhs by resource. Both provide monthly data for January-May 2015.

Attachment 2 is an Excel spreadsheet that contains the same requested information as in Attachment 1, but provided in electronic format (CD). Both attachments are confidential and subject to the Modified Protective Order No. 07-088 in Docket UM 1294 and are provided under separate cover.

Should you have any questions or require further information, please call me at 503-464-7580.

Sincerely,

A handwritten signature in blue ink, appearing to read "Patrick G. Hager", is written over a horizontal line.
