Re: UM 1294 PGE – Annual Power Cost Variance Deferral

Staff requested that Portland General Electric Company (PGE) continue to provide a monthly power cost report containing PGE's net variable power costs by specific accounts as well as PGE's power supply summary reports. This report is confidential and subject to Protective Order No. 07-088.

Attachment 1 includes a printed copy of two Excel worksheets: Actual Power Costs by Account, and Actual MWhs by Resource. Both provide monthly data for January-March 2019.

Attachment 2 is the electronic version of Actual Power Costs by Account and Actual MWhs by Resource. Attachments 1 and 2 are confidential and subject to the Protective Order No. 07-088 in Docket No. UM - 1294. The Attachments are provided via U.S. Mail.

In this March 2019 power cost report, we are also correcting the amounts provided in the February power cost report for accounts 5470003 through 5470007, 5470014, 5470016 through 5470018, and 54700181. In the Month of February PGE inadvertently included two additional cells with zero amounts which caused the data to shift to incorrect account numbers in the Fuel (FERC 510 & 547) section of the report. In addition, we are adding account 5550003 (Purchased Power – Firm) into the purchased power section of the report. We note that there was no activity in this account for January and February 2019.

Should you have any questions or require further information, please call me at 503-464-7805.

Sincerely,

A handwritten signature in blue ink, appearing to read "Stefan Brown", is written over a white rectangular background.
