RE:

Northwest Pipeline LLC

Docket No. RP17-

Dear Ms. Bose

Pursuant to Rule 207(a)(5) of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission ("Commission"), 18 C.F.R. § 385.207(a)(5) (2016), Northwest Pipeline LLC ("Northwest") hereby submits for filing:

- A Petition for Approval of Settlement ("Petition") requesting that the Commission approve a Stipulation and Settlement Agreement ("Settlement") by March 1, 2017;
- The Settlement; and
- A draft Commission Letter Order Approving Uncontested Settlement.

Northwest does not expect this Settlement to be contested because 100 percent of the shippers who actively participated in the settlement discussions support this Settlement. Of Northwest's long-term firm transportation and storage capacity, 92 percent support, and 8 percent do not oppose this Settlement.

Respectfully submitted,

Ilaren Gertsch

Director of Rates and Tariffs

## BACKGROUND

On March 15, 2012, Northwest filed a Petition for Approval of Settlement in Docket No. RP12-490-000 ("2012 Settlement"). The 2012 Settlement satisfied the requirement to file a general rate case under Section 4 of the Natural Gas Act ("NGA") by July 1, 2012, as required by Northwest's previous general rate case settlement in Docket No. RP06-416.<sup>1</sup> On April 26, 2012, the Commission approved the 2012 Settlement <sup>2</sup>

Section 14.4 of the 2012 Settlement requires Northwest to file an NGA Section 4 general rate case not later than July 1, 2017, for rates to become effective not later than January 1, 2018, unless Northwest has entered into a pre-filing settlement effectively satisfying the NGA Section 4 general rate case filing requirement ("2017 Rate Filing").<sup>3</sup> In anticipation of the 2017 Rate Filing, Northwest invited all of its shippers to engage in discussions to determine if a pre-filing settlement might be reached. Numerous and extensive meetings and discussions among Northwest and its shippers have been held from September 2016 through December 2016. During the course of these meetings and discussions, the parties exchanged documentation, including several offers and counteroffers. This Settlement is the product of the documents exchanged and these extensive meetings and discussions.

Through this Settlement, the Settling Parties<sup>4</sup> have successfully resolved their issues in a practical and carefully constructed fashion, eliminating the need for testimony,

<sup>&</sup>lt;sup>2</sup> Northwest Pipeline GP, 139 F.E.R.C. ¶ 61,071 (2012).

<sup>&</sup>lt;sup>3</sup> Because July 1, 2017 is a Saturday, the effective filing deadline for the 2017 Rate Filing is June 30, 2017.

<sup>&</sup>lt;sup>4</sup> "Settling Parties" is defined in Article II of the Settlement.

discovery, hearing and briefing of the matters resolved. The avoidance of litigation is a valuable outcome, benefiting the Settling Parties, the Commission and the public interest.

Northwest does not expect this Settlement to be contested because 100 percent of the shippers who actively participated in the settlement discussions support this Settlement. Of Northwest's long-term firm transportation and storage capacity, 92 percent support, and 8 percent do not oppose this Settlement.

The Settling Parties agree that if this Settlement is timely approved by the Commission, then Northwest will have satisfied the 2017 Rate Filing requirement as to the Settling Parties. Accordingly, the Settling Parties have requested that the Commission approve this Settlement on or before March 1, 2017, to avoid the burden of Northwest having to prepare and file the 2017 Rate Filing and for the other Settling Parties having to respond to such filing.

## **PETITION**

The Commission encourages pipelines and their customers to attempt to resolve rate and tariff issues before making NGA Section 4 filings. *See ANR Storage Co.*, 156 F.E.R.C. ¶ 61,074, at P 15-17 (2016) (*citing Dominion Transmission, Inc.*, 111 F.E.R.C. ¶ 61,285, at P 30 (2005)). The Commission recognizes that a pre-filing settlement process enables the parties to efficiently resolve their rate and tariff issues without the expense of a hearing and lengthy litigation. *Id.* ¶ 15.

The Commission has provided clear instructions for implementing a pre-filing settlement agreement. The pipeline should file for approval of the pre-filing settlement agreement pursuant to Rule 207(a)(5) of the Commission's Rules of Practice and

Procedure, 18 C.F.R. § 385.207(a)(5). *Id.* ¶ 14. The petition for approval should include *pro forma* tariff sheets showing how the settlement agreement will be implemented. *Id.*The Commission will treat the petition for approval of the settlement agreement as initiating a new proceeding and issue a notice providing for interventions, comments, and protests. 111 F.E.R.C. ¶ 61,285, at ¶ 32. If the Commission finds that the settlement agreement is fair and reasonable and in the public interest, then it will approve the settlement agreement. 156 F.E.R.C. ¶ 61,074, at ¶ 16.

The pipeline will then be directed to file, pursuant to NGA Section 4(d) and Section 154.203 of the Commission's regulations, actual tariff sheets implementing the settlement agreement consistent with the terms of the settlement agreement as approved by the Commission. *Id.* ¶ 14. The Commission will treat such a filing as a filing to comply with the Commission's order approving the settlement agreement, and the Commission will place tariff sheets that properly implement the settlement agreement, as approved, into effect on the date provided for in the settlement agreement. *Id.* 

Consistent with these instructions, Northwest files this petition requesting

Commission approval of the subject Settlement without modification or condition.

Appended to this petition is a draft Commission Letter Order approving the Settlement, which Letter Order also contains a summary of the terms of the Settlement, reflecting an overall balancing of the various competing interests on Northwest's system. Northwest seeks the Commission's prompt approval of the Settlement so that Northwest and its shippers may avail themselves of the benefits of the Settlement, without the expense of a hearing and lengthy litigation.

## IV.

## CONCLUSION

WHEREFORE, Northwest respectfully requests that the Commission grant this petition and approve the Settlement without modification or condition. Northwest further requests that the Commission grant any other authorizations or waivers that it may deem necessary to approve the Settlement as proposed.

DATED this 23<sup>rd</sup> day of January, 2017.

Respectfully submitted,

## STIPULATION AND SETTLEMENT AGREEMENT

Pursuant to Rule 207(a)(5) of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission ("Commission" or "FERC"), 18 C.F.R. § 385.207(a)(5) (2016), Northwest Pipeline LLC ("Northwest") submits this Stipulation and Settlement Agreement ("Settlement") to modify the transportation rates set forth in Northwest's FERC Gas Tariff, Fifth Revised Volume No. 1 ("Tariff"), pursuant to the terms below. Northwest and the other Settling Parties (as defined in Article II) stipulate and agree to the following:

## BACKGROUND

On March 15, 2012, Northwest filed a Petition for Approval of Settlement in Docket No. RP12-490-000 ("2012 Settlement"). The 2012 Settlement satisfied the requirement to file a general rate case under Section 4 of the Natural Gas Act ("NGA") by July 1, 2012, as required by Northwest's previous general rate case settlement in Docket No. RP06-416.<sup>1</sup> On April 26, 2012, the Commission approved the 2012 Settlement.<sup>2</sup>

Section 14.4 of the 2012 Settlement requires Northwest to file an NGA Section 4 general rate case not later than July 1, 2017, for rates to become effective not later than January 1, 2018, unless Northwest has entered into a pre-filing settlement effectively satisfying the NGA Section 4 general rate case filing requirement ("2017 Rate Filing").<sup>3</sup> In anticipation of the 2017 Rate Filing, Northwest invited all of its shippers to engage in discussions to determine if a pre-filing settlement might be reached. Numerous and extensive meetings and discussions among Northwest and its shippers have been held from September 2016 through December 2016. During the course of these meetings and discussions, the

<sup>&</sup>lt;sup>2</sup> Northwest Pipeline GP, 139 F.E.R.C. ¶ 61,071 (2012).

<sup>&</sup>lt;sup>3</sup> Because July 1, 2017 is a Saturday, the effective filing deadline for the 2017 Rate Filing is June 30, 2017.

parties exchanged documentation, including several offers and counteroffers. This Settlement is the product of the documents exchanged and these extensive meetings and discussions.

Through this Settlement, the Settling Parties<sup>4</sup> have successfully resolved their issues in a practical and carefully constructed fashion, eliminating the need for testimony, discovery, hearing and briefing of the matters resolved. The avoidance of litigation is a valuable outcome, benefiting the Settling Parties, the Commission and the public interest.

Northwest does not expect this Settlement to be contested because 100 percent of the shippers who actively participated in the settlement discussions support this Settlement. Of Northwest's long-term firm transportation and storage capacity, 92 percent support, and 8 percent do not oppose this Settlement.

The Settling Parties agree that if this Settlement is timely approved by the Commission, then Northwest will have satisfied the 2017 Rate Filing requirement as to the Settling Parties. Accordingly, the Settling Parties have requested that the Commission approve this Settlement on or before March 1, 2017, to avoid the burden of Northwest having to prepare and file the 2017 Rate Filing and for the other Settling Parties having to respond to such filing.

## ARTICLE I INDIVISIBILITY OF SETTLEMENT TERMS

The Settling Parties have engaged in extensive settlement negotiations in an effort to resolve among themselves issues that may have been raised in the 2017 Rate Filing and this Settlement provides for a reasonable negotiated resolution of those issues. This Settlement is a carefully crafted compromise among many parties with diverse and often conflicting interests. This Settlement is an integrated package and the Settling Parties request that it be approved in its entirety, without modification or condition.

<sup>&</sup>lt;sup>4</sup> "Settling Parties" is defined in Article II of the Settlement.

## ARTICLE II SCOPE OF SETTLEMENT

This Settlement shall apply to all Settling Parties. A "Settling Party" is (a) any party identified in Appendix A or (b) any party or shipper not identified in Appendix A that either supports, or does not oppose this Settlement as a whole and/or any of its underlying provisions. This Settlement represents a negotiated resolution of only the issues expressly set forth in this Settlement.

## ARTICLE III ANNUAL COST-OF-SERVICE

The rates established by this Settlement ("Settlement Rates") are determined on the basis of an annual cost-of-service of \$440 million, and consist of two phases of rates. Phase 1 Rates, as set forth in Appendix B, will be effective from January 1, 2018, through September 30, 2018, and Phase 2 Rates, as set forth on Appendix C, will be effective from October 1, 2018, through the remaining Settlement Term (as defined in Section 11.7).

## ARTICLE IV RATE DESIGN

The Settlement Rates incorporate the following specific principles with respect to rate design: Section 4.1

General Transmission System: The rates for all transportation Rate Schedules are based on a straight fixed variable ("SFV") rate design.

## Section 4.2

Storage: The rates for the Plymouth LNG and Jackson Prairie Rate Schedules reflect an agreement between the Settling Parties to keep the rates the same as those established in the 2012 Settlement.

## Section 4.3

Evergreen 15-Year Contract Roll-In: The rates for Rate Schedule TF-1 (Large Customer), TF-1 (25-Year Evergreen), Rate Schedule TF-2 and the Rate Schedule TI-1 to be effective January 1, 2018, through September 30, 2018, as shown on Appendix B, reflect the allocation of costs to the TF-1 (15-

Year Evergreen) contracts. The rates for Rate Schedule TF-1 (Large Customer), TF-1 (25-Year Evergreen), Rate Schedule TF-2, and the Rate Schedule TI-1 to be effective October 1, 2018, through the remainder of the Settlement Term, as shown on Appendix C, reflect the roll-in of the TF-1 (15-Year Evergreen) contracts that will expire on September 30, 2018.

# ARTICLE V DEPRECIATION, AMORTIZATION AND NET NEGATIVE SALVAGE RATES

## Section 5.1

The depreciation, amortization and net negative salvage rates used in deriving the Settlement Rates are shown in Appendix D. Effective January 1, 2018, and continuing through the Settlement Term, Northwest will utilize the depreciation, amortization and net negative salvage rates in Appendix D for recording depreciation, amortization and net negative salvage expenses.

## Section 5.2

Northwest will continue to use separate sub-accounts to record net negative salvage.

## Section 5.3

Nothing in this Settlement shall preclude Northwest from continuing to utilize accelerated depreciation for tax purposes nor from continuing to follow Generally Accepted Accounting Principles and the Internal Revenue Code of 1954, as amended, and regulations promulgated thereunder (collectively, the "Code"), which utilize tax normalization.

## ARTICLE VI U.S. FEDERAL CORPORATE INCOME TAX RATE

## Section 6.1

If the current U.S. federal income tax rate of 35 percent applicable to corporations should be reduced for any taxable period(s) between January 1, 2018, and the end of the Settlement Term ("Reduced Tax Rate"), then Northwest shall record in a regulatory liability account, to be ultimately returned to the Settling Parties other than Northwest: (a) the dollar amount shown in Appendix E for the

Reduced Tax Rate<sup>5</sup> multiplied by (b) the number of years and/or partial years (prorated monthly) during the Settlement Term that the Reduced Tax Rate is in effect. Northwest shall amortize the balance of the regulatory liability account over a period of 5 years beginning with the effective date of Northwest's new rates in the first Post-Moratorium<sup>6</sup> NGA Section 4 or 5 general rate case filing or pre-filing settlement.

## Section 6.2

If the current U.S. federal income tax rate of 35 percent applicable to corporations should be increased for any taxable period(s) between January 1, 2018, and the end of the Settlement Term ("Increased Tax Rate"), then Northwest shall record in a regulatory asset account, to be ultimately recovered by Northwest: (a) the dollar amount shown in Appendix E for the Increased Tax Rate<sup>7</sup> multiplied by (b) the number of years and/or partial years (prorated monthly) during the Settlement Term that the Increased Tax Rate is in effect. Northwest shall amortize the balance of the regulatory asset account over a period of 5 years beginning with the effective date of Northwest's new rates in the first Post-Moratorium NGA Section 4 or 5 general rate case filing or pre-filing settlement.

## Section 6.3

If the current U.S. federal income tax rate applicable to corporations of 35 percent should decrease or increase for any taxable period during the Settlement Term, then the terms and provisions of this Article VI shall continue in effect beyond the Settlement Term until the applicable five-year amortization period is complete.

<sup>&</sup>lt;sup>5</sup> Any fraction of a percent shall be rounded to the nearest one-tenth percent and the difference between the dollar amounts reflected in Appendix E shall be interpolated accordingly.

<sup>&</sup>lt;sup>6</sup> The "Moratorium" is defined in Section 12.1. The phrase "Post-Moratorium" means an action having an effective date any time on or after October 2, 2018.

<sup>&</sup>lt;sup>7</sup> Any fraction of a percent shall be rounded to the nearest one-tenth percent and the difference between the dollar amounts reflected in Appendix E shall be interpolated accordingly.

## ARTICLE VII POST-RETIREMENT BENEFITS OTHER THAN PENSIONS

Article VI of the 2012 Settlement addresses the ongoing treatment of Post-Retirement Benefits Other than Pensions ("PBOP"). Section 6.7 of Article VI of the 2012 Settlement provides that, "With the exception of Section 6.1, the terms and provisions of this Article VI shall continue in effect beyond the Settlement Term until the Commission, in response to any party carrying the burden of persuasion, determines to modify or change the terms and provisions relating to PBOPs as set forth herein." Section 6.1 sets forth the amount of the regulatory liability that existed at that time, which has now been updated to be \$30,586,547 as of December 31, 2016, in FERC Account No. 254.

## ARTICLE VIII SETTLEMENT RATES

The Settlement Rates shown in Appendix B shall become effective January 1, 2018, and remain in effect through September 30, 2018. The Settlement Rates shown in Appendix C shall become effective October 1, 2018, and remain in effect through the remainder of the Settlement Term. The Settlement Rates are computed consistent with the terms of this Settlement and are reflected as daily rates on the *pro forma* tariff sheets submitted herewith in Appendix F. This Settlement becoming effective in accordance with Article XI shall constitute the Commission authority necessary for Northwest to place into effect final tariff sheets reflecting the Settlement Rates.

## ARTICLE IX COMMENTS OF SETTLING PARTIES

Settling Parties agree that, to the extent that any comments are filed by a Settling Party with the Commission in response to the submission of this Settlement, such comments will not be in opposition to any provision of this Settlement.

6

<sup>&</sup>lt;sup>8</sup> To be consistent with the "Gas Day" defined in Northwest's Tariff, the Settlement Rates will become effective at 8:00 a.m. Mountain Standard Time.

## ARTICLE X CONTESTED SETTLEMENT PROCEDURES

Parties who contest one or more provisions of this Settlement will be deemed to oppose this Settlement and shall be known as "Contesting Parties." To the extent this Settlement is approved by the Commission, this Settlement shall become effective as to the Settling Parties (subject to their rights described in Article XI) notwithstanding the objections of Contesting Parties. As to any Contesting Party excluded from the terms of this Settlement pursuant to this Article X, Northwest will file an NGA Section 4 general rate case by no later than June 30, 2017, consistent with the 2017 Rate Filing requirement, and may submit additional NGA Section 4 general rate case filings affecting the Contesting Parties at any time thereafter. Northwest will have the same rights as to the Contesting Parties in such Section 4 proceeding(s) as it would have had absent this Settlement. Contesting Parties shall not have any rights or obligations under this Settlement. Except as otherwise expressly provided in this Settlement, any Commission order during the Settlement Term related to any NGA Section 4 or 5 general rate case filing shall only become effective as to Contesting Parties. Further, no rate, surcharge, or allocation of costs applicable to any Settling Party shall be modified as a result of the election of any other party to become a Contesting Party.

## ARTICLE XI EFFECTIVENESS AND TERM

## Section 11.1

If the Commission issues an order approving this Settlement without modification or condition, then: (a) the Settling Parties waive any and all rights to file requests for rehearing, clarification and/or reconsideration of such an order and (b) this Settlement shall become effective on the date that such an order becomes a "Final Order." If the Commission issues an order approving this Settlement subject to

<sup>&</sup>lt;sup>9</sup> A "Final Order" means an order by the Commission for which no request for rehearing or petition for review or certiorari is pending and for which the statutory time period within which to seek rehearing, review or certiorari has expired.

modification or condition, then this Settlement shall become effective on the date that such an order becomes a Final Order, subject to the rights of the Settling Parties enumerated in this Article XI. Section 11.2

If the Commission issues an order approving this Settlement subject to modification or condition, then within seven (7) calendar days of the date of such an order, the Settling Parties will initiate a good-faith meet-and-confer process to: (a) determine whether the Commission-imposed modification or condition can be accepted by all Settling Parties, or, if not, then (b) make such mutually agreeable changes to this Settlement as are necessary so it is acceptable to all the Settling Parties. If within fourteen (14) calendar days of the date of such an order the Settling Parties are unable to mutually agree as provided for in (a) or (b) in the preceding sentence, then the obligation to meet and confer in good faith shall cease and the Settling Parties may pursue their rights set forth in Sections 11.3, 11.4, 11.5 and 11.6.

## Section 11.3

If the Commission issues an order approving this Settlement subject to modification or condition, then within twenty-one (21) calendar days of the issuance of such an order and following the good faith efforts prescribed in Section 11.2, Northwest shall provide written notice to the Commission and all parties in this proceeding stating whether it will withdraw this Settlement and, if it does not withdraw this Settlement, whether it will seek rehearing of such order. Failure to provide such notice shall be deemed Northwest's election not to withdraw this Settlement, but shall not prevent Northwest from seeking rehearing. If Northwest does not withdraw this Settlement, then this Settlement shall remain in effect with the modification or condition required by the Commission, subject to the outcome of any request for rehearing. If Northwest elects to file a request for rehearing, it must be consistent with the terms of this Settlement and no other Settling Party shall oppose such a request for rehearing. Within

<sup>&</sup>lt;sup>10</sup> However, another Settling Party may challenge whether Northwest's request for rehearing is, in fact, consistent with the terms of this Settlement.

seven (7) calendar days of a Final Order denying any request for rehearing that is consistent with this Settlement, Northwest shall have the option to withdraw this Settlement by providing written notice of withdrawal of this Settlement to the Commission and all parties in this proceeding.

## Section 11.4

If the Commission issues an order approving this Settlement subject to modification or condition, then within twenty-one (21) calendar days of the issuance of such an order and following the good faith efforts prescribed in Section 11.2, each Settling Party that no longer supports the settlement, other than Northwest shall provide written notice to the Commission and all parties in this proceeding stating it will no longer continue participating in this Settlement. Failure to provide such notice shall be deemed such Settling Party's election to continue its participation in this Settlement, but shall not prevent such Settling Party from seeking rehearing. If such Settling Party continues participating in this Settlement, then such Settling Party shall be bound by this Settlement as modified or conditioned by the Commission, subject to the outcome of any request for rehearing. If such Settling Party elects to file a request for rehearing, it must be consistent with the terms of this Settlement and no other Settling Party will oppose such request for rehearing. Within seven (7) calendar days of a Final Order denying any request for rehearing that is consistent with this Settlement, any Settling Party other than Northwest shall have the option to cease participating in this Settlement by providing written notice of withdrawal from participation in this Settlement to the Commission and all parties in this proceeding.

## Section 11.5

If a Settling Party other than Northwest provides notice in compliance with Section 11.4 that it no longer wishes to participate in this Settlement, then such Settling Party shall cease to be a Settling Party and shall be deemed to be a Contesting Party as of the date of such notice. Within seven (7) calendar days of receipt of a notice that any Settling Party other than Northwest elects to become a

<sup>&</sup>lt;sup>11</sup> However, another Settling Party may challenge whether such Settling Party's request for rehearing is, in fact, consistent with the terms of this Settlement.

Contesting Party, Northwest shall have the option, but not the obligation, to withdraw this Settlement by providing written notice of withdrawal of this Settlement to the Commission and all parties in this proceeding.

## Section 11.6

If Northwest withdraws this Settlement in compliance with this Article XI or this Settlement is otherwise rejected in its entirety in a Final Order, then all Settling Parties' rights, obligations and commitments under this Settlement are deemed null and void, and all Settling Parties are returned to the *status quo ante*.

## Section 11.7

The term of this Settlement shall begin on the effective date determined in accordance with this Article XI and shall end the day before Northwest's new rates become effective pursuant to the first Post-Moratorium NGA Section 4 or 5 general rate case filing or pre-filing settlement ("Settlement Term").<sup>12</sup>

## ARTICLE XII MORATORIUM AND MANDATORY FILING REQUIREMENT

## Section 12.1

This Settlement establishes a moratorium on any Settling Party proposing any NGA Section 4 or 5 changes to the levels of Northwest's general rates or other matters specifically addressed and resolved by this Settlement that would seek to place such new rates or changes into effect as among the Settling Parties any earlier than October 2, 2018 ("Moratorium"). The Moratorium will not preclude Northwest from making other filings at FERC that do not conflict with or change the provisions of this Settlement such as: requests for authorization to construct and operate new facilities; requests to provide new services not covered by this Settlement; requests for incremental, maximum recourse and/or other rates and/or rate schedules associated with such new facilities or new services; requests for new or modified

<sup>&</sup>lt;sup>12</sup> However, there are certain provisions of this Settlement that will by their express terms survive beyond the end of the Settlement Term.

terms or conditions of service; entering into discounted rate agreements; entering into negotiated rate agreements; or other tariff changes that do not change the provisions of this Settlement, including, but not limited to, adjustments for fuel, rate adjustments for the recovery of surcharges for items such as the Commission's Annual Charge Adjustment and contributions to the Gas Technology Institute, or compliance tariff changes required under this Settlement or by the Commission.

## Section 12.2

Neither Northwest nor any other Settling Party shall be precluded from seeking enforcement of the terms of this Settlement.

## Section 12.3

To the extent that the Commission considers any change to the provisions of this Settlement during the Moratorium, the standard of review for any changes to this Settlement proposed by a Settling Party shall be the *Mobile-Sierra* "public interest" standard.<sup>13</sup> The standard of review for changes proposed by a non-Settling Party or the Commission, acting *sua sponte*, shall be the ordinary "just and reasonable" standard.<sup>14</sup>

## Section 12.4

Northwest will file an NGA Section 4 general rate case at FERC for rates to become effective not later than January 1, 2023, unless: (a) Northwest has entered into a pre-filing settlement or (b) a Post-Moratorium NGA Section 5 general rate case has been filed on or before January 1, 2023, regarding Northwest's rates.

## ARTICLE XIII RESERVATIONS

## Section 13.1

The various provisions of this Settlement are not severable. If this Settlement does not become effective in accordance with Article XI, then it shall be privileged, and all discussions held and materials provided by any party in reaching this Settlement shall be treated as if it were subject to Rule 602 of the Commission's Rules of Practice and Procedure, 18 C.F.R §385.602 (2016), regardless of whether Rule 602 applies. The provisions of this Settlement relate only to the specific matters resolved by this Settlement and no Settling Party waives any claim or right which it otherwise may have with respect to any matters not expressly provided for in this Settlement.

## Section 13.2

The Commission's approval of this Settlement shall constitute a finding that the Settlement is fair and reasonable and in the public interest, but shall not constitute a determination on the merits of the specific provisions of this Settlement. The Commission's approval of this Settlement shall not constitute Commission precedent regarding any principle or issue. The methods or practices observed in deriving rates and the presence or absence of methods of establishing rates as referenced in this Settlement shall not be used to prejudice any otherwise available rights or arguments of any participant in a future proceeding, other than to enforce the terms of this Settlement or collect rates due for the service provided while this Settlement remains in effect, and shall not be used as evidence that a particular method is a "long-standing practice" as that term is used in *Columbia Gas Transmission Corp. v. FERC*, 628 F.2d 578 (D.C. Cir. 1979), or a "settled practice" as that term is used in *Public Service Commission of New York v. FERC*, 642 F.2d 1335 (D.C. Cir. 1980).

## Section 13.3

No party shall be deemed the drafter of this Settlement, and this Settlement shall not be construed against any party as the drafter.

## Section 13.4

This Settlement shall be interpreted in accordance with and governed by the laws of the State of Utah, without regard to its conflicts of laws principles.

## ARTICLE XIV POTENTIAL TIMING ISSUES

## Section 14.1

If the Settlement approval process is not completed<sup>15</sup> before June 30, 2017, then Northwest will file an NGA Section 4 general rate case to satisfy the 2017 Rate Filing requirement. The other Settling Parties shall have the right to respond to such filing without limitation or restriction. If the Settlement approval process is completed after June 30, 2017, but before January 1, 2018, then Northwest will withdraw the 2017 Rate Filing as to the other Settling Parties. If the Settlement approval process is completed on, or after January 1, 2018, then Northwest will withdraw the 2017 Rate Filing as to the other Settling Parties and refunds and surcharges will be addressed in accordance with Section 14.2.

## Section 14.2

If the Settlement approval process is completed by January 1, 2018, then no refund or surcharge will be due any Settling Party. If the Settlement approval process is completed after January 1, 2018, then any refunds and surcharges resulting from the 2017 Rate Filing will be assessed so as to place the Settling Parties in the same position as if the Settlement approval process had been completed by January 1, 2018.

## ARTICLE XV NO RECENT RATE REVIEW

This Settlement does not constitute a recent rate review under the Commission's *Policy*Statement on Cost Recovery Mechanisms for Modernization of Natural Gas Facilities, 151 FERC ¶

<sup>&</sup>lt;sup>15</sup> Completion of the Settlement approval process means a Final Order by the Commission from which: (a) Northwest has no remaining right to withdraw pursuant to Sections 11.3 or 11.5 (if applicable) and (b) no other Settling Party has a remaining right to cease its participation pursuant to Section 11.4 (if applicable).

61,047, *clarification denied*, 152 F.E.R.C. ¶ 61,046 (2015) ("Policy Statement"). This Article XV shall not preclude Northwest from requesting Commission approval of a cost recovery mechanism pursuant to the Policy Statement that would take effect after the Moratorium.

DATED this 23<sup>rd</sup> day of January, 2017.

(3) To the extent Transporter discounts the Maximum Base Tariff Rate, such discounts will be applied on a non-discriminatory basis, subject to the policies of Order No. 497.

Shippers receiving service under these rate schedules are required to furnish fuel reimbursement in-kind at the rates specified on Sheet No. 14.

An incremental facilities charge or other payment method provided for in Section 21 or 29 of the General Terms and Conditions, is payable in addition to all other rates and charges if such a charge is included in Exhibit C to a Shipper's Transportation Service Agreement.

In addition to the rates set forth on Sheet No. 5, Puget Sound Energy, Inc.'s Transportation Service Agreement No. 140053 is subject to an annual incremental facility charge pursuant to Section 21 of the General Terms and Conditions for the South Seattle Delivery Lateral Expansion Project. The effective annual incremental facility charge is \$3,625,910 and is billed in equal monthly one-twelfth increments. The daily incremental facility charge is \$0.15546 per Dth.

In addition to the reservation rates shown on Sheet No. 5, Shippers who contract for Columbia Gorge Expansion Project capacity are subject to a facility reservation surcharge pursuant to Section 3.4 of Rate Schedule TF-1. The facility charge used in deriving the Columbia Gorge Expansion Project facility reservation surcharge has a minimum rate of \$0 and a maximum rate during the indicated months or calendar years as follows:

(Dollars per Dth)

Year	Rate	Year	Rate	Year	Rate

## FERC ¶ \_\_\_\_\_\_ FERC ¶ \_\_\_\_\_ UNITED STATES OF AMERICA FEDERAL ENERGY REGULATORY COMMISSION

	, 2017
	In Reply Refer To: Northwest Pipeline LLC Docket No. RP17
Northwest Pipeline LLC 295 Chipeta Way P.O. Box 58900	

Attention: Laren Gertsch

Salt Lake City, Utah 84158-0900

Director, Rates & Tariffs

Reference: Letter Order Approving Uncontested Settlement

Dear Mr. Gertsch:

- 1. On January 23, 2017, Northwest Pipeline LLC ("Northwest") filed a Petition for Approval of a Stipulation and Settlement Agreement ("Petition"), in lieu of its obligation to file a Natural Gas Act ("NGA") Section 4 general rate case.
- 2. The Commission issued a public notice of the Petition with interventions and comments due by \_\_\_\_\_\_, 2017. Pursuant to 18 C.F.R. §385.214 (2016), all timely filed motions to intervene and motions to intervene out-of-time filed before the issuance date of this order are granted. Granting late interventions at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties.
- 3. All of the parties filing comments either support or do not oppose the Stipulation and Settlement Agreement ("Settlement").
- 4. The principal terms of the Settlement are summarized in paragraphs 5 through 19 below.
- 5. Article I states that the terms of the Settlement are a carefully crafted compromise and that the Settling Parties request that it be approved in its entirety without modification or condition.
- 6. Article II defines the Settling Parties and states that the Settlement is a negotiated resolution of only those issues expressly set forth in the Settlement.
- 7. Article III identifies the annual cost-of-service underlying the Settlement Rates, and provides the two phases of rates that will be implemented.

- 8. Article IV describes the agreed rate design principles used in deriving the Settlement Rates.
- 9. Article V states that the depreciation, amortization and net negative salvage rates used in deriving the Settlement Rates are shown in Appendix D to the Settlement and will become effective January 1, 2018.
- 10. Article VI states that if the U.S. federal income tax rate applicable to corporations should be reduced or increased for any taxable period(s) between January 1, 2018, and the end of the Settlement Term, then Northwest will record a regulatory liability or asset account. It explains how the amount to be placed into that regulatory liability or asset account will be determined and how Northwest will amortize the balance in that account over a period of five years after the Settlement Term.
- 11. Article VII refers to the surviving terms of Article VI of Northwest's prior rate case settlement in Docket No. RP12-490-000 relating to its ongoing treatment of Post-Retirement Benefits Other than Pensions ("PBOP"), and updates the amount of Northwest's regulatory liability related to PBOPs.
- 12. Article VIII states that the Settlement Rates for Phase 1 Rates are set forth in Appendix B of the Settlement and shall become effective January 1, 2018, and remain in effect through September 30, 2018, and that the Settlement Rates for Phase 2 Rates are set forth in Appendix C of the Settlement and shall become effective October 1, 2018, and remain in effect through the end of the Settlement Term.
- 13. Article IX states that the Settling Parties may not submit comments to the Commission that oppose any provision of the Settlement.
- 14. Article X defines the Contesting Parties and explains that if there are any Contesting Parties, Northwest will file an NGA Section 4 general rate case by June 30, 2017, with regard to such Contesting Parties consistent with the 2017 Rate Filing requirement. It also provides that Contesting Parties forego any and all rights or obligations under the Settlement.
- 15. Article XI describes when the Settlement will become effective depending upon whether it is approved by the Commission (a) without modification or condition or (b) with modification or condition. It details the Settling Parties rights and the procedures to be followed if the Commission approves the Settlement with modification or condition. It explains what happens to the Settlement if it is withdrawn by Northwest or if it is rejected by the Commission in its entirety. It also defines the Settlement Term.
- 16. Article XII defines the nine month and one day Moratorium during which the Settling Parties are prohibited from taking certain actions inconsistent with the Settlement. It provides the standards of review to be applied if the Commission were to consider any change to the terms of the Settlement during the Moratorium. It also requires Northwest to file an NGA Section 4 general rate case with rates to become effective not later than January 1, 2023, unless Northwest

has entered into a Pre-Filing Settlement or a post-Moratorium NGA Section 5 general rate case has been filed on or before January 1, 2023, regarding Northwest's rates.

- 17. Article XIII states that the provisions of the Settlement are not severable and if the Settlement is not approved, then it shall be treated as privileged. It also states that the Settlement does not establish precedent, long standing practice or settled practice of the Commission. It states that no party shall be deemed to be the drafter of the Settlement and that it shall be interpreted in accordance with the laws of Utah.
- 18. Article XIV describes the actions Northwest will take if the Settlement approval process is completed: before June 30, 2017; after June 30, 2017, before January 1, 2018; or on, or after January 1, 2018.
- 19. Article XV provides that the Settlement does not constitute a recent rate review under the Commission's *Policy Statement on Cost Recovery Mechanisms for Modernization of Natural Gas Facilities*, 151 F.E.R.C. ¶ 61,047, *clarification denied*, 152 F.E.R.C. ¶ 61,046 (2015), but that Northwest will not be precluded from seeking Commission approval for a cost recovery mechanism pursuant to such policy statement that would take effect after the Moratorium.
- 20. The Commission grants the Petition and approves the Settlement as it is uncontested and appears fair and reasonable and in the public interest.

By direction of the Commission.

Nathaniel J. Davis, Sr., Deputy Secretary.
