Re: Northwest Pipeline LLC
2021 Winter Fuel Filing
Docket No. RP21-___

Dear Ms. Bose:

Pursuant to Section 4 of the Natural Gas Act and Part 154 of the Federal Energy Regulatory Commission's ("Commission") regulations thereunder, Northwest Pipeline LLC ("Northwest") hereby tenders for filing and acceptance the following tariff record as part of its FERC Gas Tariff, Fifth Revised Volume No. 1 ("Tariff"):

Twenty-Ninth Revised Sheet No. 14

The proposed effective date of the tariff record is October 1, 2021.

Statement of Nature, Reasons, and Basis

Northwest is submitting this filing to comply with Section 14.12 of the General Terms and Conditions ("GT&C") contained in Northwest's Tariff, which requires the fuel reimbursement factor ("Factor") for the transportation rate schedules to be determined semi-annually to become effective on April 1 and October 1 of each year.¹

By this filing, Northwest proposes to decrease its fuel reimbursement Factor for Northwest's transportation services under Rate Schedules TF-1², TF-2, TI-1 and DEX-1 from 0.87% to 0.86%. The Factor provides in-kind reimbursement to Northwest for fuel gas used and gas lost and

¹ In addition to the Rate Schedule TF-1 Factor, a fixed 0.50% Evergreen Expansion Incremental Surcharge applies to the quantity of gas nominated for receipt at the Sumas, SIPI, or Pacific Pool receipt points under Evergreen Expansion service agreements.

² Factors for Northwest's storage schedules SGS-2F, SGS-2I, LS-2F, LS-3F, LS-2I, and LD-4I are determined annually to become effective April 1 of each year.

unaccounted-for (“L&U”) in its transmission system operations. Although Northwest’s Tariff does not dictate the use of any particular methodology for making the projections that are necessary components of a proposed Factor, Northwest typically bases its projected transportation quantities, fuel usage and L&U on historical averages. Unless specifically noted, Northwest has continued to use that methodology in making the current projections for its Factors. Exhibit A and supporting work papers are included herein to show the data and formulas used to derive the proposed Factors.

Filings Pending Before the Commission

In compliance with 18 CFR § 154.204(f), Northwest states that it currently has no other filings pending before the Commission that may significantly impact this filing.

Proposed Effective Date and Waiver Request

Northwest requests that the proposed tariff record submitted herein be made effective October 1, 2021. In the event the Commission elects to accept and suspend the revised tariff record, in accordance with the provision of Section 154.7(a)(9) of the Commission’s regulations, Northwest reserved the right to file a later motion to place such tariff records into effect. Northwest requests that the Commission grant any waivers it may deem necessary for the acceptance of this filing.

Materials Submitted Herewith

Pursuant to Section 154.7(a)(1) of the Commission’s regulations, the following material is submitted herewith:

An eTariff XML filing package, filed as a zip (compressed) file, containing:

- (1) The tariff record in RTF format with metadata attached;
- (2) A transmittal letter in PDF format;
