Application for Reauthorization of Deferred
Accounting of Net Power Cost Variances.

**APPLICATION FOR
REAUTHORIZATION OF DEFERRED
ACCOUNTING**

I. INTRODUCTION

Under ORS 757.210, ORS 757.259, and OAR 860-027-0300, PacifiCorp d/b/a Pacific Power (PacifiCorp or the Company) requests an order reauthorizing PacifiCorp to defer for later ratemaking treatment annual net power cost variances under Schedule 206, as authorized by Order No. 12-493. Reauthorization of this deferral is necessary to facilitate rate changes under PacifiCorp’s power cost adjustment mechanism (PCAM) if variances in cost elements of the Company’s transition adjustment mechanism in 2022 exceed the deadbands and other limitations in Order No. 12-493.¹ Previously, Order No. 21-224 authorized deferral of these net power cost variances for the 12-month period beginning May 16, 2021.² In this application, PacifiCorp respectfully requests reauthorization for 12 months beginning May 16, 2022.

In support of this Application, PacifiCorp states:

III. OAR 860-027-0300(3) REQUIREMENTS

A. Description of Utility Expense

PacifiCorp seeks reauthorization from the Public Utility Commission of Oregon (Commission) to defer, for future amortization, the difference between actual annual net power costs and forecasted annual net power costs, in accordance with Order No. 12-493. The annual variance will be determined under the terms of Order No. 12-493, which includes a deadband, a sharing band, and an earnings test.

B. Reasons for Deferral

In Order No. 12-493, the Commission ordered the adoption of a PCAM for PacifiCorp. The PCAM provides for recognition in rates of the difference, for a given year, between the actual annual net power costs incurred by PacifiCorp and forecast annual net power costs, subject to certain limitations. PacifiCorp's PCAM became effective in 2013 with the filing of Schedule 206. PacifiCorp is seeking authorization to defer net power cost

variances in excess of the deadbands and other PCAM limitations for possible later inclusion in rates. This deferral is intended to capture the net annual power cost difference exceeding those limitations that will then be amortized in rates through the PCAM.

This deferral is filed in accordance with Order No. 12-493 and ORS 757.259(2)(e). This deferral will minimize the frequency of rate changes or the fluctuation of rate levels or match appropriately the costs borne by and benefits received by customers.

C. Proposed Accounting

PacifiCorp records revenues and expenses that would be subject to the deferral order in accordance with the Code of Federal Regulations (CFR) to Federal Energy Regulatory Commission (FERC) Account 501 (Fuel), FERC Account 503 (Steam from Other Sources), FERC Account 547 (Fuel), FERC Account 447 (Sales for Resale), FERC 456 (Other Electric Revenues), FERC 565 (Transmission by Others), FERC 409.1 (Income Taxes, Utility Operating Income), and FERC 555 (Purchased Power). Upon receiving reauthorization to record deferrals, PacifiCorp proposes to record the deferred amount by debiting FERC Account 182.3 (Regulatory Assets) and crediting FERC Account 555 (Purchased Power) if there is an amount to collect from customers. If there is a refund to customers, PacifiCorp would record the deferred amount by crediting FERC Account 254 (Regulatory Liabilities) and debiting FERC Account 555 (Purchased Power).

D. Estimate of Amounts

PacifiCorp is unable to provide an estimate of the deferred amount because it is a function of several unknown and unpredictable factors. PacifiCorp requests that, under

Order No. 08-263 as modified by Order No. 10-279,³ it be allowed to accrue interest on the unamortized balance, consistent with the treatment of interest rates during accrual and amortization described in those orders.

E. Notice

A copy of the Notice of Application for Deferred Accounting and a list of persons served with the notice are included with this filing as Attachment A.

IV. OAR 860-027-0300(4) REQUIREMENTS

A. Description and explanation of the entries in the deferred account

Please refer to Section III above for a description of the proposed accounting.

B. Reason for Continuation of Deferred Accounting

As discussed in this application, continuation of this deferral is necessary to defer the difference between actual annual net power costs and forecasted annual net power costs for future amortization.

³ *In the Matter of Public Utility Commission of Oregon Staff Request to Open an Investigation Related to Deferred Accounting*, Docket No. UM 1147, Order No. 08-263 (May 22, 2008); *modified by In the Matter of Public Utility Commission of Oregon Staff Request to Open an Investigation Related to Deferred Accounting*, Docket No. UM 1147, Order No. 10-279 (Jul. 23, 2010).

V. CONCLUSION

Continued authorization of deferred accounting treatment is an appropriate, just, and reasonable means of implementing Order No. 12-493. For the reasons stated above, PacifiCorp requests reauthorization to defer annual net power cost variances in accordance with Order No. 12-493 for the 12-month period beginning May 16, 2022.

Respectfully submitted this 16th day of May 2022.
