**RE: 2017 RPS Report for Calpine Energy Solutions, LLC;
Docket No: UM - 1957**

To Whom It May Concern:

Please find in the enclosed envelope revised pages of the Confidential Renewable Portfolio Standard Report for Calendar Year 2017 for Calpine Energy Solutions, LLC (“Calpine Solutions”). These pages are protected under General Protected Order No. 18 202.

On July 20, 2018, Calpine Solutions spoke with Paul Rossow at the Oregon Public Utility Commission (“OPUC”) and requested the opportunity to substitute certain RECs that it had proposed to retire for its 2017 RPS compliance with other RECs in its portfolio. The reason for this substitution request stemmed from personnel changes at Calpine Solutions and the subsequent review of Calpine Solutions’ positions and compliance. After review, it was decided to attempt to substitute certain RECs for 2017 RPS compliance. Paul Rossow, after discussion with OPUC’s legal team, responded to Calpine Solutions that it would be permissible to make the substitution.

Calpine Solutions is submitting replacement pages 2 and 4, as well as replacement Attachments A, B, and C in order to capture the effect of the REC substitutions.

Should you have any questions or concerns, please contact me at 619-684-8200 or at bryan.white@calpinesolutions.com.

Thank you,
