7	I. INTRODUCTION				
8	Pursuant to ORS 757.259 and OAR 860-027-0300, Idaho Power Company ("Idaho

13	1.	Idaho Power is a public utility in the	state of Oregon and its rates, services, and

II. OAR 860-027-0300(3) REQUIREMENTS

Α. Description

2

3 The OCAT, which was signed into law on May 16, 2019, with House Bill 3427, and amended technically with HB 2164 on July 23, 2019, was adopted to impose a tax on all types of business entities, based on their Oregon-sourced commercial activity. The OCAT is 5 a modified gross-receipts tax and is in addition to all other business taxes already imposed 7 by the state of Oregon. Revenue from the OCAT will be used for education spending in the 8 state of Oregon. Because the Company's Oregon-sourced taxable commercial activity is above \$1 million, effective January 1, 2020, Idaho Power's tax expense increased as a result 10 of the OCAT. Idaho Power is required to make an estimated OCAT payment in December of 11 the year prior to filing an OCAT return. The Company made its first estimated OCAT payment 12 in December 2020 and filed its first OCAT return in 2021. The payment made in 2020 was 13 applied against the liability on the 2020 OCAT return. The same process occurred in 14 December 2021 for the 2021 OCAT return.

В. **Reasons for Deferral**

Idaho Power requests reauthorization to defer the tax expense payments resulting from the establishment of the OCAT and the resulting increase to the Company's Oregon 18 state taxes. The Commission has approved similar treatment for Idaho Power's changes in 19 tax expense in Docket No. UM 1928; Order No. 20-148 authorized the deferral of \$1.52 million in benefits associated with the reduction of income tax expense resulting from federal tax reform. The Company's deferral request in this case is filed pursuant to ORS 757.259(2)(e) and is intended to minimize the frequency of rate changes or the fluctuation of 23 rate levels.

C. <u>Proposed Accounting</u>

- 2 If approved, Idaho Power will record amounts that would be subject to the deferral
- 3 order in accordance with the Code of Federal Regulations to the Federal Energy Regulatory
- 4 Commission ("FERC") Account 182 Regulatory Assets with the corresponding entry
- 5 recorded to FERC Account 409 Income Taxes. Absent approval, the corresponding entry
- 6 for the new OCAT payments would be recorded to FERC Account 131 Cash.

D. <u>Estimate of Amounts</u>

- 8 The OCAT is \$250 plus 0.57 percent of the Company's Oregon-sourced taxable
- 9 commercial activity above \$1 million less applicable exceptions and deductions. The
- 10 Company estimates OCAT expenses for the 2024 calendar year will be similar to amounts
- 11 paid in 2022, or approximately \$350,000. In accordance with Order No. 05-1070, Idaho
- 12 Power will accrue interest on the unamortized balance at a rate equal to its authorized
- 13 weighted average cost of capital most recently approved by the Commission.
