Re: UM 926 – Request for Order to Sign Amendment No. 1 to the Bonneville Power Administration Residential Exchange Program Settlement Agreement ("Amendment No. 1")

Dear Sir or Madam:

Portland General Electric Company ("PGE") hereby requests that the Commission require it to sign the enclosed Amendment No. 1.

In Order No. 11-171, the Commission ordered PGE to sign the Residential Exchange Program Settlement Agreement ("REP Settlement Agreement"). PGE signed and delivered the REP Settlement Agreement to the Bonneville Power Administration ("BPA"). On July 26, 2011, BPA executed the REP Settlement Agreement, rendering all provisions of the REP Settlement Agreement effective.

Amendment No. 1 would permit additional entities to become parties to the REP Settlement Agreement. The REP Settlement Agreement currently provides that entities must have signed the REP Settlement Agreement by June 3, 2011. In the BPA Record of Decision authorizing the Administrator to execute the REP Settlement Agreement, BPA urged the parties to draft an amendment that would allow additional entities to become parties to the REP Settlement. Consumer-owned utilities ("COUs") reflecting 88% of BPA's load executed the REP Settlement Agreement but others have expressed an interested in joining the settlement.

The terms of Amendment No. 1 were collectively drafted by BPA, representatives of the investor-owned utility group, the COU group, and a representative of a large contingent of non-settling COUs. In order for others to join the REP Settlement

Agreement, all current parties to the REP Settlement Agreement must execute the enclosed Amendment No. 1 and deliver it to BPA by January 31, 2012. BPA has asked that existing parties sign and deliver Amendment No. 1 by November 30, 2011. If Amendment No. 1 becomes effective, additional entities would have the opportunity to become parties by signing the REP Settlement Agreement and Amendment No. 1 and delivering them to BPA by January 31, 2012.

PGE recommends that the Commission approve execution of Amendment No. 1. As described in PGE's initial request, dated March 22, 2011, the level of participation by COUs in the REP Settlement Agreement influences the level of risk for PGE and our residential and small farm customers. Increasing the level of COU participation mitigates the uncertainty associated with the REP Settlement Agreement. Amendment No. 1 serves this purpose by enabling additional COUs to become parties. Amendment No. 1 has no material risk to PGE or our residential and small farm customers.

Thank you for your consideration of this request. We will be available to answer questions at the November 22, 2012, public meeting.

Sincerely,

David F. White, On Behalf of
Portland General Electric Company

The Settlement Agreement as amended by this Amendment shall be and remain in full force and effect upon the effectiveness of this Amendment, and each Party confirms, ratifies and approves the Settlement Agreement as amended by this Amendment. All capitalized terms used herein and not otherwise defined in this Amendment shall have the respective meanings given to such terms in the Settlement Agreement.
