**Re: RG 37 – Annual Report for the year ending December 31, 2016  
FERC Form 2 and Annual Report to Shareholders – ERRATA**

Northwest Natural Gas Company, dba NW Natural (“NW Natural” or “Company”), files herewith an Errata to its FERC Form 2 filed on May 1, 2017 under RG 37. It has come to our attention that in the Distribution Plant table in the 204-209 page section (page 70 in the pdf / Account Summary by Functional Class) for the Year Ended December 31, 2016, the Additions column was incorrectly aligned with the Plant Account line items. As a result, the overall Distribution Plant subtotal for Additions and Ending balances were correct, however the individual line items were not. Attached is the corrected page.

Please address any correspondence on this matter to me with copies to Mr. Brody Wilson, Controller, at the address above, and to:
