Re: AMENDED APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION AS AN
ELIGIBLE TELECOMMUNICATIONS CARRIER PURSUANT TO THE
TELECOMMUNICATIONS ACT OF 1996 (Non-Rural and Rural Areas) (Docket UM 1253)

Dear Ms. Nichols:

Enclosed for filing are copies of both the "proprietary and confidential" and "public" versions of the "AMENDED APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996" in the above-referenced proceeding. The original and five (5) copies of this document are being delivered via UPS next day mail. Confidential Exhibits E, G, I and J to the "proprietary and confidential" version of the Application contain information that constitute "trade secrets" exempt from public disclosure pursuant to ORS 192.420(1) and 192.510(2). Cingular requests that the Commission accord confidential treatment to these exhibits.

Thank you for your assistance.

Very truly yours,

**AMENDED APPLICATION OF CINGULAR WIRELESS, LLC FOR DESIGNATION
AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER IN THE STATE OF
OREGON PURSUANT TO THE TELECOMMUNICATIONS ACT OF 1996**

Cingular Wireless, LLC (“Cingular”), on behalf of itself and its affiliated entities in Oregon, New Cingular Wireless PCS, LLC; Hood River Cellular Telephone Company, Inc., Medford Cellular Telephone Company, Inc., and Salem Cellular Telephone Company, (collectively “Cingular”) respectfully submits this Application for Designation as an Eligible Telecommunications Carrier (“ETC”) pursuant to Section 214(e)(2) of the federal Communications Act of 1934, as amended (“Act”),¹ Section 54.201 of the Federal Communications Commission (“FCC”) rules and consistent with the requirements set forth in Order No. 06-292 in docket UM 1217². Cingular requests that it be designated as eligible to receive available support from the federal Universal Service Fund (“USF”) including, but not limited to, support for rural, insular and high-cost areas and low-income customers. In support of this Application, the following is respectfully shown:

¹ 47 U.S.C. § 214(e)(2).

² *In the matter of Public Utility Commission of Oregon Staff Investigation to Establish Requirements for Initial designation and Recertification of Telecommunications Carriers Eligible to Receive Federal Universal Service Support*, Order No. 06-292, entered June 13, 2006 in docket UM 1217 (“ETC Order”).

I. APPLICANT

The Applicants are: New Cingular Wireless PCS, LLC; Hood River Cellular Telephone Company, Inc., Medford Cellular Telephone Company, Inc., and Salem Cellular Telephone Company. The Applicants are subsidiaries of Cingular Wireless LLC. Cingular Wireless LLC's principal place of business is located in Atlanta, Georgia.

Cingular is authorized by the FCC to provide commercial mobile radio services ("CMRS") throughout the requested service area in the state of Oregon.

II. ALLEGATION OF FACTS

A. Eligibility and Identification of the Service Area.

Under Sections 214(e) and 254 of the Act, the Public Utility Commission of Oregon ("OPUC" or "Commission") is authorized to designate Cingular as an ETC. Section 214(e)(2) of the Act requires state commissions to designate as an ETC, throughout the service area for which ETC status is sought, any common carrier that: (i) offers services that are supported by federal universal service support mechanisms; and (ii) advertises the availability of such services.

Section 214(e)(2) of the Act provides that ETC designations shall be made for a "service area" designated by the state commission. Section 214(e)(5) of the Act provides that the "service area" shall be the geographic area established by the state commission. In areas served by a non-rural company, the state commission may redefine the study area of the incumbent local exchange carriers in designating a competitive ETC service area without federal concurrence.³ In areas served by a rural telephone company, the FCC's rules generally define a competitive ETC's "service area" to mean the LEC study area.⁴ Attached as Exhibit A is a list of the non-rural ILEC wire centers and the rural ILEC wire centers for which Cingular seeks to be

³ See 47 U.S.C. § 214(e)(5).

⁴ See 47 C.F.R. § 54.207(b).

designated as an ETC. Cingular does not seek to split any wire centers in the non-rural ILEC areas. Cingular does not seek to serve fewer than all the wire centers in any of the rural ILEC study areas listed in Exhibit A. Cingular does not seek redefinition of any of the rural study areas. Attached as Exhibit B are maps depicting Cingular's proposed ETC service area and Cingular's FCC licensed service areas in the state of Oregon.⁵

III. CINGULAR SATISFIES THE STATUTORY AND REGULATORY PREREQUISITES FOR DESIGNATION AS A FEDERAL ETC

Cingular satisfies each of the statutory and regulatory prerequisites set forth in the Act, the FCC's Rules⁶, and the *ETC Order*⁷. On March 17, 2005, the FCC released its *ETC Requirements Order*⁸ establishing additional requirements for carriers seeking ETC designation before the FCC. These additional requirements, however, are not binding on state commissions. This Commission recently considered whether to adopt all or some portion of the rules promulgated by the FCC, and issued a set of ETC Initial Designation Application requirements in the *ETC Order*.⁹ In this Amended Application, Cingular provides all of the information required by the Commission pursuant to the *ETC Order*.

A. Cingular is a Common Carrier

Cingular is a "common carrier" under 47 U.S.C. § 214(e)(1) and 214(e)(6) for purposes of ETC designation.

B. Cingular Offers the Services and Functionalities Supported by the Federal High-Cost and Low-Income Universal Service Program

Section 214(e)(1) of the Act and Section 54.201(d) of the FCC's rules provide that carriers designated as ETCs shall, throughout their service area, (1) offer the services that are supported by the federal universal service support mechanisms either using their own facilities or a combination of their own facilities and resale of another carrier's services, and (2) advertise the availability of such services and the charges therefore using media of general distribution.¹⁰ The services which are supported by the federal USF are:

- (1) voice-grade access to the public switched telephone network;
- (2) local usage;
- (3) dual-tone multi-frequency signaling or its functional equivalent;
- (4) single-party service or its functional equivalent;
- (5) access to emergency services;
- (6) access to operator services;
- (7) access to interexchange service;
- (8) access to directory assistance; and
- (9) toll limitation for qualifying low-income consumers.¹¹

Cingular provides all of the nine supported services in satisfaction of the requirements of Section 214(e)(1) of the Act and the *ETC Order*.¹² Cingular accepts the obligation to offer these supported services throughout its ETC designated area in the state upon reasonable request in full compliance with the obligation of an ETC.

Voice Grade Access. "Voice grade access" permits a telecommunications user to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal that there is an incoming call. The FCC has determined that voice grade access to the public switched telephone network

¹⁰ 47 U.S.C. § 214(e)(1); 47 C.F.R. § 54.201(d).

¹¹ 47 C.F.R. § 54.101(a)(1)-(9).

¹² *ETC Order*, Requirement 2.1, Appendix A, p. 1.

means the ability to make and receive calls with a minimum bandwidth of 300 to 3000 Hertz.¹³

Through its interconnection agreements with local exchange carriers (LECs) in Oregon, Cingular's customers are currently able to make and receive calls on the public switched telephone network within the specified bandwidth.

Local Usage. "Local usage" is defined as an amount of minutes of use of exchange service, as prescribed by the FCC, provided without an additional charge to end users. 47 C.F.R. §54.101(2). In the *ETC Requirements Order* the FCC provided further guidance on this measure, which the Commission has generally adopted in the *ETC Order*. Specifically the *ETC Order* requires an applicant to demonstrate that it "offers a local usage plan comparable that is comparable to the basic local service offerings of the ILEC."¹⁴ While the FCC has declined to adopt a specific local usage threshold, it instead requires that the local usage plan of an ETC applicant be reviewed on a case-by-case basis.

Cingular is committed to providing all its 57.3 million customers with valuable calling plans and believes that its calling plans are comparable in value to those offered by the incumbent LEC. Calling plans cannot be compared solely on price, but must also consider calling scope and the additional features and functionalities offered. Cingular's current calling plans offer consumers numerous benefits including the inherent mobile nature of wireless service. Further, Cingular's "local" calling area is much broader than the incumbent LEC. For example, customers that currently choose the Cingular Nation GSM or the FamilyTalk calling plans never pay additional roaming or long distance charges in the United States and are served by the largest voice and data network in America. Thus, all calls from anywhere on the Cingular

¹³ *Federal-State Joint Board on Universal Service, First Report and Order*, 12 FCC Rcd 8776 (1997) ("First Report and Order"), ¶¶63-64.

¹⁴ *ETC Order*, Requirement 2.4, Appendix A, p. 1.

network to anywhere else in the United States are “local” calls for these customers. Also, the calling plans currently offered by Cingular include numerous features that are available at no additional charge, such as: Voicemail, Caller ID, Call Forwarding, Call Waiting, Detailed Billing, and Three-Way Calling. Moreover, many of the post-paid calling plans currently offered by Cingular include either unlimited nights and weekend minutes or generous night and weekend minute packages, as well as unlimited mobile calling between Cingular customers, and the ability to Rollover unused minutes for use in subsequent months. Examples of Cingular’s calling plans are attached as Exhibit D.

Dual Tone Multi-frequency Signaling or its Functional Equivalent. “DTMF” is a method of signaling that facilitates the transportation of call set-up and call detail information. DTMF makes “touchtone” dialing possible by facilitating the transportation of signaling through the network. The FCC has recognized that “wireless carriers use out-of-band signaling mechanisms...[It] is appropriate to support out-of-band signaling mechanisms as an alternative to DTMF signaling.”¹⁵ Cingular currently uses out-of-band digital signaling and in-band multi-frequency signaling that is the functional equivalent to DTMF signaling, in accordance with the FCC’s requirements.¹⁶

Single party Service. “Single-party service” permits the exclusive use of a particular subscriber loop or access line by a single subscriber. The FCC has determined that a CMRS provider meets the requirement of offering single party service when it offers a dedicated message path for the length of a user’s particular transmission.¹⁷ Cingular meets the requirement of single-party service in all of its service offerings by providing a dedicated message path for the length of a user’s wireless transmission.

¹⁵ *Universal Service Order*, ¶71.

¹⁶ *See also ETC Order*, Requirement 2.1, Appendix A, p.1.

¹⁷ 47 C.F.R. § 54.101(a)(4); *Universal Service Order*, ¶62.

Access to Emergency Services. “Access to emergency service” means the ability to reach a public service answering point (“PSAP”) by dialing “911”. The FCC requires that a carrier must provide access to enhanced 911 or “E911”, which includes the capability of providing both automatic numbering information (“ANI”) and automatic location information (“ALI”), when the PSAP is capable of receiving such information and the service is requested from the carrier.¹⁸ Cingular currently provides its voice customers in Oregon with the ability to access emergency services by dialing “911”. Cingular is also capable of delivering ANI and ALI information over its existing network and is in compliance with all applicable federal E911 requirements. Cingular will continue to work with local PSAPs within its ETC services areas to make E911 service available according to the FCC’s requirements.

Access to Operator Services. “Access to operator services” means any automatic or live assistance provided to a customer to arrange for the billing or completion, or both, of a telephone call.¹⁹ Cingular meets this requirement by providing access to operator services to its customers by dialing “0”.

Access to Interexchange Services. An ETC must offer consumers access to interexchange service to make and receive toll or interexchange calls. Cingular currently meets this requirement by providing all of its subscribers with the ability to make and receive interexchange or toll calls. This Commission in its *ETC Order* adopted the requirement that the ETC acknowledge that it may be required to provide equal access if it is the only remaining ETC in an area.²⁰ Cingular agrees to abide by this requirement consistent with the parameters of federal law.

¹⁸ 47 C.F.R. § 20.18(j); *Universal Service Order*, ¶73.

¹⁹ 47 C.F.R. § 54.101(a)(6); *Universal Service Order*, ¶75.

²⁰ *ETC Order*, Requirement 2.5, Appendix A, p. 1.

Directory Assistance. “Access to directory assistance” means the ability to provide access to a service that makes directory listings available.²¹ Cingular currently meets this requirement by providing its customers access to directory assistance by dialing “411”.

Toll Limitation. “Toll limitation” includes the offering of either “toll control” or “toll blocking” to qualifying low-income customers, as a means of limiting or blocking the completion of outgoing toll calls.²² An ETC is not required to provide both services if the carrier is incapable of providing both.²³ Once designated as an ETC, Cingular will participate in the Lifeline and Link Up programs for qualifying low-income customers. The Lifeline calling plan that Cingular intends to offer does not make a distinction between local and toll calls. If for any reason Cingular changes that offer, it will meet the toll limitation requirement by providing toll blocking.²⁴

C. Cingular Will Provide the Supported Services Using its Own Facilities or a Combination of Its Own Facilities and Resale of Another Carrier’s Services

Cingular will provide the supported services using its own facilities or a combination of its own facilities and the resale of another carrier’s service. Cingular primarily will use its own network infrastructure, which includes the same antennae, cell-sites, towers, trunking, mobile switching and interconnection facilities used to serve its existing customers.²⁵

Confidential Exhibit I contains highly confidential information that constitutes “trade secrets” exempt from disclosure pursuant to ORS 192.420(1) and 192.510(2). Cingular requests the Commission accord Exhibit I confidential treatment.

D. Cingular Will Advertise the Availability of and Charges for its Universal Service Qualifying Offerings

Pursuant to Section 54.201 of the FCC's rules²⁶, Cingular will advertise the availability of the supported services detailed above and the corresponding rates and charges in a manner designed to inform the general public within its designated ETC service areas. This advertising will occur through some combination of media channels, such as television and radio, newspaper, magazine and other print advertisements, outdoor advertising, direct marketing, and the Internet.²⁷ Cingular also intends to promote its Lifeline service in Oregon, primarily through print and radio advertising, collateral in its stores and direct outreach by Cingular to community health, welfare and employment offices.²⁸ Attached as Exhibit F is a sample of the Lifeline collateral and print advertisements used in Washington State where Cingular is already an ETC.

E. Commitment to Consumer Protection

Consistent with the FCC's *ETC Report and Order* and this Commission's requirements, Cingular will abide by the Cellular Telecommunications and Internet Associations Consumer Code for Wireless Service ("CTIA Code").²⁹ Cingular has already adopted the CTIA Code and is committed to compliance with the CTIA Code throughout its service areas, including in those areas where it is seeking designation as an ETC.

Cingular also exceeds the CTIA Code in several respects. For example, Cingular exceeds the 14-day "no-risk" trial period set forth in the CTIA Code by providing a 30-day trial period. In addition, Cingular has instituted other consumer-friendly measures such as Cingular Service Summary ("CSS") which summarizes for each customer important elements of his or her service,

²⁶ See also *ETC Order*, Requirement 6.1, Appendix A, p. 3.

²⁷ See Confidential Exhibit E, which provides data regarding Cingular's 2006 advertising plan. Confidential Exhibit E contains highly confidential information that constitutes "trade secrets" exempt from disclosure pursuant to ORS 192.420(1) and 192.510(2). Cingular requests the Commission accord Exhibit E confidential treatment.

²⁸ See *ETC Order*, Requirements 7.1 – 7.3, Appendix A, p. 3.

such as calling plan details, first bill and ongoing bill estimator, listing of important standard charges and of Cingular’s policies. Customers that purchase service at a Cingular store receive a customized CSS.

Consistent with this Commission’s requirements and as it does today, Cingular agrees to use its best efforts to resolve complaints received by the Commission, and designates the following contact person to work with the Commission’s Consumer Services Division for complaint resolution, Steve Bethel, Office of the President, 10000 Goethe Road, Sacramento, CA 95827.³⁰

F. Commitment to Provide Service Upon Reasonable Request

Consistent with the Commission’s requirements, Cingular commits that if a request is made by a potential customer within its existing network coverage, Cingular will provide service immediately using its standard customer equipment (handsets/wireless devices). If a potential customer requests service within Cingular’s designated area, but outside its existing network coverage, Cingular will follow the six-step process specified in 47 C.F.R. § 54.202(a)(1)(A). Specifically, Cingular will determine if service can be provided at reasonable cost by (a) modifying or replacing the requesting customer’s equipment; (b) deploying a roof-mounted antenna or other equipment; (c) adjusting the nearest cell tower; (d) adjusting network or customer facilities; (e) reselling services from another carrier’s facilities to provide service; or (f) employing, leasing or constructing an additional cell site, cell extender, repeater, or other similar equipment.³¹

//

//

³⁰ ETC Order, Requirement 9.2, Appendix A, p. 3.
³¹ See ETC Order, Requirement 3.2, Appendix A, p. 1.

G. Network Improvement Plan

This Commission requires that carriers seeking ETC designation provide a detailed two-year network improvement plan that demonstrates how the applicant will use support funds (excluding low income support) as well as an overview plan describing generally how the applicant plans to expand or improve services three to five years into the future, using its own funds and future support funds.³² Cingular's detailed two-year plan is attached as Confidential Exhibit G.³³ This plan depicts the capital expenditures and corresponding increases in coverage that residents in high-cost areas of Oregon will enjoy if Cingular is granted ETC status. Cingular has to the best of its ability estimated the quarter of the year in which the improvements will occur. It is important to note, however, that the timing for the construction of a cell site or other network improvements depends on numerous variables, some of which are beyond Cingular's control, and thus is subject to change. Also in the attached plan, when relevant, Cingular has provided estimates of maintenance and upgrade costs for each year in the two-year period.

In years 3 through 5, Cingular commits to continuing to make capital investments in the areas in which it is requesting to be designated as an ETC. This will be in the form of new cell sites and improvements to existing cell sites.

H. Ability to Remain Functional in an Emergency

Cingular is committed to providing and maintaining essential telecommunications services in times of emergency. Indeed, there are numerous actions Cingular has already taken for emergency preparedness. Cingular has in place a comprehensive disaster recovery plan that is reviewed annually. In preparation for power outages, Cingular has battery backup power and

³² See *ETC Order*, Requirement 5.3, Appendix A, p. 2.

³³ The information contained in this plan is highly confidential and constitutes "trade secrets" exempt from public disclosure pursuant to ORS 192.420(1) and 192.501(2). Therefore, Cingular requests that the Commission accord Exhibit G confidential treatment.

generators at its switch locations. In addition, the majority of Cingular's cell sites have battery back-up and there are permanent generators at many of its critical cell sites (not all cell sites are conducive to generators), and portable generators are available for deployment in the region. Cingular also has monitoring systems in place so that it quickly knows if it has any switches or cells sites that are not functioning properly. Further, in response to natural disasters, such as the recent hurricanes, Cingular has generators, Cell Sites on Wheels ("COWs") and portable microwave equipment (when there is outage of the lines that Cingular leases from the wireline carrier) that it can deploy. In these situations, Cingular also works closely with its major equipment vendors to quickly replace or repair damaged hardware on its cell sites.³⁴

IV. DESIGNATING CINGULAR AS A COMPETITIVE ETC WILL SERVE THE PUBLIC INTEREST

In addition to finding that an applicant provides the supported services and the other enumerated requirements, the Commission must also determine whether designation of Cingular as an ETC in the areas requested serves the public interest. Cingular strongly believes that designating Cingular as an ETC is in the public interest.

A. Unique Advantages Cingular's Service Offerings

In addition to providing consumers with the benefits of increased choice and competition, there are other advantages to designating Cingular as an ETC. Cingular's customers enjoy the advantages of Cingular's GSM network. GSM has the benefit of being the global standard for interconnected mobile voice service. Cingular's customers have the advantage of picking from an unprecedented selection of handsets and devices to meet their needs. In addition, Cingular's customers are able to enjoy the largest international coverage of any U.S. carrier, giving customers the ability to make calls in 170 countries on six continents, with wireless data roaming

³⁴ See *ETC Order*, Requirement 8.1, Appendix A, p. 3.

in over 80 countries for laptops, PDAs, and other data services. Further, Cingular is launching high speed data service for its customers. Customers in Oregon are already able to enjoy Cingular's EDGE data network which provides average downlink data speeds of 70 to 135 kbps. Additionally, Cingular is currently in the process of transition its EDGE data network to the Universal Mobile Telecommunications System ("UMTS") with High Speed Downlink Packet Access ("HSDPA") which provides average downlink speeds of 400 to 700 kbps. UMTS/HSDPA has already launched in the Portland area and Cingular has plans to continue its deployment. Although data is not a supported service, and Cingular will not use universal service funds for data deployment, the availability of mobile data services on Cingular's network is a public interest benefit to subscribers of Cingular's universal service offerings.

B. Use of Support for the Preservation and Advancement of Universal Service

Once designated, Cingular commits to use the support it receives for network expenditures for the provision, maintenance, and upgrading of its facilities and services within the designated area. Upon receipt of ETC designation in Oregon, Cingular will use the support it receives to improve its infrastructure in rural, high-cost, and insular areas. Cingular has evaluated the projected levels of support and areas where coverage or service could be improved. As described above, included as Confidential Exhibit G is Cingular's comprehensive two-year improvement plan, showing anticipated new cell sites and improvements to existing sites. Cingular takes seriously the service responsibility that comes with ETC designation and will use the support it receives to help fulfill this responsibility. Consistent with this Commission's requirements, attached as Exhibit C is the affidavit of Michael Maxwell, Vice President and General Manager – Washington/Oregon, certifying that support funds received pursuant to 47

C.F.R. Part 54, Subpart D, and part 36, Subpart F will be used only for the intended purposes.³⁵

In addition, attached as Exhibit H are copies of the certifications required by the FCC pursuant to 47 C.F.R. Subpart 54.809 to receive Interstate Access Support and 47 C.F.R. Subpart 54.904 to receive Interstate Common Line Support.

C. State and Federal Precedent

Designation of Cingular as an ETC is consistent with ETC decisions across the country, including the decisions of this Commission. Numerous state commissions have repeatedly found that designating wireless carriers as ETCs is in the public interest. For example, in its decision designating *AT&T Wireless* as an ETC, the Washington Utilities and Transportation Commission stated, “Designating AWS as an ETC furthers the public interest because consumers will receive benefits from increased competition in the form of a greater variety of services and more comparability of services, compared to more urban areas. Rural customers also benefit because they, rather than the government, will choose which services meet their telecommunications needs.”³⁶ This Commission has similarly concluded that designating wireless carriers as ETCs in rural ILEC territories is in the public interest.³⁷

D. Cream-Skimming Analysis

Since Cingular is seeking designation for entire wire centers in non-rural ILEC areas and entire study areas in rural ILEC areas, the Commission does not need to perform a cream-skimming analysis.³⁸

//

³⁵ See *ETC Order*, Requirement 5.1, Appendix A, p. 3.

³⁶ *AT&T Wireless*, Order Granting Petition for Designation as an Eligible Telecommunications Carrier, Docket No. UT-043011(April 13, 2004), ¶40. After AT&T Wireless merged with Cingular this designation was amended to reflect the change in legal entities, see Order No. 2, April 29, 2005.

³⁷ See *RCC ETC Order* at 16; see also *USCC ETC Order* at 15; see also *Edge ETC Order* at 8.

³⁸ See *ETC Order*, Requirement 10.2, Appendix A, p. 3.

V. ANNUAL RECERTIFICATION PROCESS

Cingular commits to comply with the annual certification requirements recently adopted by the Commission.³⁹

VI. HIGH-COST CERTIFICATION

Under FCC Rule Sections 54.313 and 54.314, carriers wishing to obtain high-cost support must either be certified by the appropriate state commission or, where the state commission does not exercise jurisdiction, must self-certify with the FCC and the Universal Services Administrative Corporation (“USAC”) their compliance with Section 254(e). Cingular submits its high-costs certification as Exhibit C. Cingular requests that the Commission issue a finding that Cingular has met the high-cost certification requirement and that Cingular is, therefore, entitled to begin receiving high-cost support as of the date it receives a grant of ETC status from the Oregon Commission.

VII. LEGAL AUTHORITY

The Commission has the legal authority to grant the relief requested by the Applicant pursuant to 47 U.S.C. §214(e)(2); 47 C.F.R § 54.201; *see also, In the Matter of Applications to be Designated Eligible Telecommunications Carriers in the State of Oregon*, Commission Order No. 97-481, Docket UM 873, entered December 16, 1997; *see also RCC ETC Order UM 1083; see also USCC ETC Order, UM 1084; see also Edge ETC Order, UM 1177; see also ETC Order, UM 1217.*

VIII. RELIEF REQUESTED

For the reasons set forth above, and pursuant to Section 214(e)(2) of the Act, Cingular requests that the Commission enter an Order designating Cingular as an ETC for the areas described herein and that the Commission enter this Order at the earliest possible date.

Dated the 27th day of October, 2006.

Your phone's display does not indicate the rate you will be charged. Please review your coverage map for areas included in and out of plan. Map depicts an approximation of outdoor coverage. Map may include areas served by unaffiliated carriers and may depict their licensed area rather than an approximation of the coverage there. Actual coverage area may differ substantially from map graphics, and coverage may be affected by such things as terrain, weather, foliage, buildings and other construction, signal strength, customer equipment and other factors. Cingular does not guarantee coverage. Charges will be based on the location of the site receiving and transmitting the call, not the location of the subscriber. Future coverage, if depicted above, is based on current planning assumptions but is subject to change and may not be relied upon.

1: International messages not included. Charges for international messages sent from the U.S. are 20¢ for Text Messages and 50¢ for Picture/Video Messages. Standard rates apply to all incoming messages when in the U.S. 2: Additional charges for premium content apply. 3: Where available; see www.cingular.com/cv for availability. 4: Airtime and applicable long distance charges may apply when using these services. For full details on Messaging, Media Net, Tone Club and Answer Tones, see the Cingular Media brochure, www.cingular.com/media/terms or www.cingular.com/answer_tones. Pay-Per-Use charges: Text/Instant messaging 10¢/message; Picture/Video message 25¢/message; Media Net Browsing 1¢/KB. Wireless Phone Insurance: Underwritten by Continental Casualty Company, a CNA company (CNA) and administered by Asurion, LLC (Asurion Insurance Agency, LLC CA Lic#0D63161), a licensed agent of CNA. May not be available in all states. A \$50 non-refundable deductible per approved insurance replacement applies. See a Wireless Phone Insurance brochure for complete terms and conditions on coverage, available at participating Cingular locations or www.cingular.com. Eligibility varies by device.

Terms Applicable to Cingular FamilyTalk GSM Plans: Credit approval required. Subscriber must live and have a mailing address within Cingular's owned network coverage area. An early termination fee of \$175 applies if service is terminated before the end of the contract term. If phone is returned within 3 days, activation fee will be refunded. If phone is returned within 30 days in like-new condition with all components, early termination fee will be waived. All other charges apply. Some dealers impose additional fees. **Minute Increment Billing and Usage:** Airtime and other measured usage are billed in full-minute increments, and actual airtime and usage are rounded up to the next full increment at the end of each call for billing purposes. Cingular charges a full-minute increment of usage for every fraction of the last minute used on each wireless call. Minutes will be depleted according to usage in the following order: Night and Weekend Minutes, Mobile to Mobile Minutes, Anytime Minutes and Rollover Minutes. Calls placed on networks served by other carriers may take longer to be processed, and billing for these calls may be delayed. Those minutes will be applied against your Anytime monthly minutes in the month in which the calls appear on your bill. Unanswered outgoing calls of 30 seconds or longer incur airtime. **Pricing/Taxes/No Proration:** Final month's charges are not prorated. Prices are subject to change. Prices do not include taxes. **Activation Fees:** \$36 activation fee for each new line, \$26 activation fee applies on each additional FamilyTalk line. **Nights and Weekends:** Nights are 9:00 p.m. to 6:00 a.m. Weekends are 9:00 p.m. to 6:00 a.m. Monday (based on time of day at switch providing your service). Included long distance calls can be made from the 50 United States, Puerto Rico and U.S. Virgin Islands. International long distance and Northern Mariana Islands. Roaming charges do not apply when roaming within the service area of land-based networks of the 50 United States, Puerto Rico and U.S. Virgin Islands. International long distance rates vary. Additional charges apply to services used outside the land borders of the U.S., Puerto Rico and U.S. Virgin Islands. **Unlimited Voice Services:** Unlimited voice services are provided solely for live dialog between two individuals. Unlimited voice services may not be used for conference calling, call forwarding, monitoring services, data transmissions, transmission of broadcasts, transmission of recorded material, or other connections that do not consist of uninterrupted live dialog between two individuals. If Cingular finds that you are using an unlimited voice service offering for other than live dialog between two individuals, Cingular may at its option terminate your service or change your plan to one with no unlimited usage components. Cingular will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Offnet Usage:** If your minutes of use (including unlimited services) on other carrier networks ("offnet usage") during any two consecutive months exceeds your offnet usage allowance, Cingular may at its option terminate your service, deny your continued use of other carriers' coverage, or change your plan to one imposing usage charges for offnet usage. Your offnet usage allowance is equal to the lesser of 750 minutes or 40% of the Anytime Minutes included with your plan. Cingular will provide notice that it intends to take any of the above actions, and you may terminate the agreement. **Caller ID Blocking:** Your billing name may be displayed along with your wireless number on outbound calls to other wireless and landline phones with Caller ID capability. Contact customer service for information on blocking the display of your name and number. You may be charged for both an incoming and an outgoing call when incoming calls are routed to voicemail, even if no message is left. See Wireless Service Agreement for additional conditions and restrictions. **Rollover Minutes:** Rollover Minutes accumulate and expire through 12 rolling bill periods. Bill Period 1 (activation) unused Anytime Minutes will not carry over. Bill Period 2 unused Anytime Minutes will begin to carry over. Rollover Minutes accumulated starting with Bill Period 2 will expire each bill period as they reach a 12 bill period age. Rollover Minutes will also expire immediately upon default or if customer changes to a non-Rollover plan. If you change plans (including the formation of a FamilyTalk plan), or if an existing subscriber joins your existing FamilyTalk plan, any accumulated Rollover Minutes in excess of your new plan or the primary FamilyTalk line's included Anytime Minutes will expire. Rollover Minutes are not redeemable for cash or credit and are not transferable. **FamilyTalk:** FamilyTalk* may require up to a two-year service agreement for each line. FamilyTalk* plans include only package minutes included with the primary number, and minutes are shared by the additional lines. The rate shown for additional minutes applies to all minutes in excess of the Anytime Minutes. FamilyTalk* requires two lines. If the rate plan for the primary number is changed to an ineligible plan or the primary number is disconnected, one of the existing additional lines shall become the primary number on the rate plan previously subscribed to by the former primary number; if only one line remains it shall be converted to the closest single line rate. **Mobile to Mobile Minutes:** Mobile to Mobile Minutes may be used, subject to the above provisions governing unlimited usage, when directly dialing or receiving calls from any other Cingular phone number from within your calling area. Mobile to Mobile Minutes may not be used for interconnection to other networks. Calls to Cingular Voicemail not included.

Terms Applicable to Features: Certain features will not be available in all areas at all times. See Roadside Assistance welcome letter and/or brochures for full terms and conditions. **VoiceDial:** Regular airtime charges apply. Mobile to Mobile Minutes do not apply. Calls to 911, 411, 611, 711 and international dialing cannot be completed with VoiceDial Services. Caller ID cannot be blocked. Caller ID will be delivered on calls, even if you have permanently blocked your name and number. **Tone Club:** Every 30 days your subscription will be automatically renewed and new credits added to your account which can be used to buy ringtones and graphics through the MEdia Mail. Music, Voice, Sound Effect. Tones, polyphonic ringtones and graphics are 1 credit. Unused credits expire at the end of each 30-day period. The 30-day period is not necessarily equivalent to a calendar month end or the billing cycle. You may terminate your subscription at any time. Any remaining credits will be available for the remainder of your subscription billing cycle. Your enrollment gives you the option to receive text messages each week on music trivia, news and more. **Connecticut Customers:** Questions About Your Service: if you have any questions or concerns about your service, please call Customer Care at 1-800-331-0500 or dial 611 from your wireless phone. If you are a Connecticut customer and we cannot resolve your issue, you have the option of contacting the Department of Public Utility Control (DPUC). LifeLine

LifeLine offers you a discount on your monthly wireless bill if you qualify.

Save money with LifeLine

LifeLine service is just \$24.99 a month, which is then discounted depending on the federal and state support that's available in your area. Right now, you can save up to \$9.25 each month with Federal LifeLine discounts and you qualify for additional LifeLine discounts from your state.

If you live on Tribal Lands and qualify, you could get Enhanced LifeLine support, which can reduce your wireless bill to as little as \$1.

Qualifying for LifeLine

Requirements vary by state. If you live in a state that doesn't offer state LifeLine support, you may qualify for federal LifeLine benefits if your household income is at or below 135% of the Federal Poverty Guidelines (FPG), or you participate in any of these programs:

- Medicaid
- Food Stamps
- Supplemental Security Income (SSI)
- Federal Public Housing Assistance (FPHA) (Section 8)
- Low-Income Home Energy Assistance (LIHEAP)
- National School Lunch Free Lunch Program (NSLP)
- Temporary Assistance for Needy Families (TANF)

Customers seeking to qualify for program benefits under the income-based standards are required to provide written documentation of their household income.

If you live on Tribal Lands, you could also qualify for Enhanced LifeLine support if you meet the above requirements or participate in any of these programs:

- Bureau of Indian Affairs (BIA) general assistance
- Tribal Administered Temporary Assistance for Needy Families (Tribal TANF)
- Tribal Administered School Lunch Free Lunch Program (Tribal NSLP)
- Tribal Administered Head Start (meeting income quality standards)

If you live in a state that offers state LifeLine support, you must meet the criteria as defined in the state LifeLine and Link Up application forms available at cingular.com/wireless or by calling 1-800-377-9450.

Please note: It's up to you to let us know if and when you stop qualifying for program benefits. At that time, you'll stop receiving them.

Program Restrictions

You are eligible for LifeLine support on one phone line based on your principal residence and billed to your name. You can get Link Up benefits only once at the same address. Those benefits can only be applied toward your Activation Fee, equipment, and service charges. You can't apply your Link Up benefits or activation charges you paid prior to signing up for the LifeLine and Link Up programs.

Signing Up

Just complete the LifeLine and Link Up Application form and certify that you participate in a qualifying government program or otherwise meet the eligibility standards. Mail the completed application to:

Cingular Wireless
ATTN: Contract Services
PO Box 12726
Scottsdale, AZ 85267-2726

If you cannot access the application form from cingular.com/lifeline, just call 1-800-377-9450 and an application will be mailed to you.

Applications that are not completely filled out, legible and signed will be returned.

Servicio Lifeline

Servicio con descuento
para los clientes que calificuen!

¡Consigue el apoyo!

Lifeline

Lifeline te ofrece un descuento en la factura mensual de tu servicio móvil si calificas.

Ahorra dinero con Lifeline

El servicio Lifeline sólo cobra \$3.99 al mes, independientemente de si te encuentras en un estado con subsidio del servicio telefónico o si estás en un estado que cobra tarifas de servicio de emergencia. El servicio Lifeline sólo cobra \$3.99 cada mes con el descuento Lifeline Federal, y aún más si calificas para descuentos adicionales Lifeline de tu estado. Si tienes un presupuesto limitado y calificas, puedes recibir el apoyo de Lifeline Estándar, que puede reducir tu factura móvil a la mínima suma de \$1 al mes.

Cómo Calificar para Lifeline

Los requisitos varían en cada estado. Si eres el estado donde vives no se ofrece el apoyo estatal de Lifeline, puedes calificar para los beneficios federales de Lifeline si tu ingreso familiar es igual al 135% o menos de los Puntos de Ingreso Federales de Pobreza (PIF), o si participas en cualquiera de estos programas:

- Medicaid
 - Food Stamp (Bono para la Compra de Alimentos)
 - Supplemental Security Income (SSI)
 - Programa Complementario de Seguridad
 - Federal Public Housing Assistance (FPHA) (Sección 8)
 - Subsidio Federal de Vivienda
 - Programa de Alimentos (LHAP)
 - Subsidio de Energía para Familias de Bajos Ingresos
 - National School Lunch Free Lunch Program (NSLP)
 - Programa Nacional de Almuerzo Escolar Gratuito
 - Temporary Assistance for Needy Families (TANF)
 - Subsidio Temporal para Familias Necesitadas
- Los clientes interesados en calificar para los beneficios de los programas que se listan por estratificación basados en el nivel de ingreso deben documentar su ingreso familiar.
- Si vives en un presupuesto limitado, también puedes calificar para el apoyo de Lifeline Estándar si cumples con los siguientes requisitos o si haces parte de cualquiera de estos programas:
- Asistencia General de la Oficina de Asuntos Indígenas (BIA)
 - Subsidio Temporal para Familias Necesitadas de las Tribus Indígenas (Tribal TANF)
 - Programa de Alimentos Especiales Gratuitos para los Niños de las Tribus Indígenas (Tribal NSLP)
 - Programa Head Start para Niños de las Tribus Indígenas (que cumple con las estadísticas de nivel de ingreso)

Si vives en un estado que ofrece el apoyo estatal de Lifeline, debes cumplir con los criterios definidos en los formularios estatales de solicitud de Lifeline y Link Up. Lo que está a tu disposición en cingular.com/lifeline o llamando al 1-800-377-9450.

Por favor, ten en cuenta que es tu obligación informarnos si dejas de calificar para los beneficios del programa. A partir de ese momento dejaremos de cobrarte.

Restricciones del Programa

Entre algunas restricciones para el uso de Lifeline en una línea telefónica de un hogar, el servicio Lifeline sólo cobra \$3.99 al mes. El beneficio sólo puede ser aplicado a tu línea de servicio en un número residencial. Este beneficio sólo puede ser aplicado a tu línea de servicio en un número residencial o a la compra de tu equipo. Finalmente, no puedes aplicar tus beneficios de Link Up a ningún cargo de activación o instalación que tengas pagado antes de suscribirse a los programas Lifeline y Link Up.

Cómo suscribirte

Simplemente llena el formulario de solicitud de Lifeline y Link Up y envía tu participación en alguno de los programas de gobierno federal o estatal. Una vez que hayas cumplido con los requisitos de elegibilidad, Envía la solicitud de inscripción a:

Cingular Wireless
