SUBJECT: Canby Telephone Association (Canby), Advice No 17/ADV 394: Revises PUC Or. No.3, Access Services Tariff, by introducing a new pricing option for customers purchasing Ethernet Transport Service (ETS), and reduces three (3) ETS elements.

I have reviewed this filing and recommend that an acknowledgement letter be sent. The filing was submitted on October 20, 2016, and will go into effect on November 21, 2016.

This filing revises Canby's PUC Or. No 3, Access Services Tariff, Section 12.2.5. Canby is introducing a new "Month to Month" (M2M) pricing option applicable to the ETS Local Loop rate. The new pricing option will provide customers the opportunity to purchase ETS without 3 Year or 5 Year Term commitments. In addition, Canby is reducing the ETS Local Loop rates for the 3 Year Term 500 Mbps element, and both 3 Year and 5 Year Term 1 Gig elements.

A thirty-day notice was provided as required for a revision of tariff rates under ORS 759.190. This filing will not cause the withdrawal of service, or a conflict with other schedules.
