SUBJECT: Docket UE 306/Advice No. 16-23 PGE Schedule 123 Update

On November 23, 2016, PGE filed revised sheets for inclusion in its tariff, PUC OR No. 18 as Advice No. 16-23.

This filing extends the termination date of the Sales Normalization Adjustment (SNA) portion of the Schedule 123 Decoupling Adjustment and the Nonresidential Lost Revenue Recovery Adjustment (LRRRA).

Staff has reviewed this filing and found that the filing is consistent with Commission Order No. 16-359 and the UE 306 Stipulation filed on August 12, 2016. Staff recommends that the filed tariff be allowed to remain in effect.
