NUMBER RELIEF FOR THE)	NOTICE OF
541 AREA CODE)	PUBLIC COMMENT OPEN HOUSE

Available telephone numbers in the 541 area code are limited and cannot support the continued demand for new numbers. The number of available numbers for the 541 area code is expected to run out in early 2011.

Due to the time required to implement a new area code, the Public Utility Commission of Oregon (PUC) has opened an investigation to determine the appropriate method to provide number relief. To provide an opportunity for affected customers to comment and ask questions on the need for a new area code, the PUC will be holding 18 open house meetings throughout the state.

NOTICE IS GIVEN that a meeting affecting this area will be held as follows:

DATE: Tuesday, July 8, 2008

TIME: 6:00 p.m. –7:30 p.m.

PLACE: The National Guard Armory
2100 NW 56th Street
Pendleton, OR 97801

Customers are invited to attend the open house at anytime from 6:00 p.m. to 7:30 p.m. to learn more about the area code investigation and comment on the proposed solutions. Members of the PUC Staff and industry representatives will be available to answer individual questions from the public during this time.

Interested persons may also visit the PUC’s website at www.puc.state.or.us for information about the need for a new area code and the PUC’s investigation. Customers may call the PUC for more information at 1-800-522-2404.
