RULING

DISPOSITION: TIME FOR FINAL ORAL COMMENTS EXTENDED.

During the processing of this docket, it became necessary to extend the time for final public comment hearing beyond October 24, 2005. This was due, in part, to the need to adopt rules regarding time payment agreements (Docket AR 503). While comments filed after the deadline are not to be considered, the deadline may be extended as long as it is extended to all interested agencies and persons. *See* ORS 183.335(14).

The deadline for final oral comments is the conclusion of the February 21, 2006, regular public meeting of the Public Utility Commission of Oregon.

Dated at Salem, Oregon, this 1st day of February 2006.
