DISPOSITION: DEADLINES FOR PROPOSALS SET

This memorandum will update the schedule set forth in the April 18, 2006 memorandum. The Commission's interim determination of "properly attributed," formerly to be issued June 21, will be set forth by July 14, 2006. Staff's revised rules for implementation, formerly to be issued by July 7, will now be issued on July 17, 2006.

At the June 7, 2006, workshop, several participants committed to suggesting proposals at the next workshop. In particular, PGE and PacifiCorp were to suggest an approach if corporate ownership or structure changes in the middle of a calendar year; PacifiCorp was to suggest an approach if a fiscal year changes in the middle of a calendar year; and PacifiCorp was to propose treatment of other revenues under the definition of "Revenue." The participants are requested to submit their proposals on those and other subjects by July 7, so that Staff can consider those proposals for the July 17 rule revisions. Further, it will allow other participants time to review the proposals to meaningfully respond at the July 21 workshop.

The remainder of the schedule established in the April 18, 2006, memorandum remains the same: Staff will distribute a final draft of the rules on July 25; participants will file opening and response comments on July 31 and August 14, respectively; and a Public Comment hearing will be held on August 21.

Dated at Salem, Oregon, this 21st day of June, 2006.
