February 7, 2023 Commissioner Workshop (1:30 p.m.)

The PUC requests that members of the public wishing to provide oral comment on Northwest Natural Gas Company's 2021 Integrated Resource Plan notify the PUC at least 24 hours before the meeting. Prior notice is not required, but it helps the PUC manage time for public comment and makes it more likely that all comments can be heard. At the appropriate time, the Chair will take comments from those who have made requests to speak in advance, and if time permits, from those indicating an interest to comment during the meeting. Due to time constraints, commenters that do not provide notice will not be guaranteed an opportunity to speak. If you would like to comment, please send an email to the PUC at puc.publicmeetings@puc.oregon.gov and provide your name, who you're representing, and what agenda item you would like to comment on.

February 24, 2023 Commissioner Workshop (9:30 a.m.)

The second Commissioner Workshop will be a Commissioner work session with invited testimony to be determined at a later date. The Commission will issue a more detailed agenda closer to the date of the workshop.

Dated this 26th day of January, 2023, at Salem, Oregon.
