RULING

DISPOSITION: TIME FOR COMMENTS EXTENDED

On September 22, 2023, Staff for the Oregon Public Utility Commission motioned for an extension of time to file Round 1 Staff/Stakeholder comments in this proceeding. The comments are currently due on October 5, 2023, and Staff seeks an extension of time until October 13, 2023. It states that this extension is necessary due to the fact that the lead Staff member assigned to this docket recently departed the Commission. Staff represents that no party opposes this motion.

I find good cause to grant the requested extension. The new due date for Round 1 Staff/Stakeholder comments will be October 13, 2023.

Dated this 22nd day of September, 2023, at Salem, Oregon.
