**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UE 216

In the Matter of

PACIFICORP, dba PACIFIC POWER,

2011 Transition Adjustment Mechanism

MEMORANDUM

DISPOSITION: HEARING CANCELED; MATTER SUBMITTED

By ruling dated June 29, 2010, I modified the earlier schedule in this docket to provide for the filing of a "comprehensive settlement" among all parties. Because of the procedural posture of the case, the ruling set dates for parties to file testimony "as necessary," and reserved the original hearing date of August 25, 2010.

On July 7, 2010, Pacific Power filed a stipulation on behalf of the Company, the Public Utility Commission of Oregon Staff (Staff), the Citizens' Utility Board of Oregon (CUB), the Industrial Customers of Northwest Utilities (ICNU), and Sempra Energy Solutions, LLC (Sempra). On July 26, 2010, Pacific Power filed joint testimony of the settling parties in support of their stipulation. No party has filed additional testimony regarding any outstanding issues in this case. Accordingly, the hearing set for August 25, 2010 is canceled and this matter is submitted.

Dated at Salem, Oregon, this 13th day of August, 2010.
