

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UE 242

In the Matter of

IDAHO POWER COMPANY

2012 Annual Power Cost Update.

RULING

**DISPOSITION: SCHEDULE SUSPENDED**

On April 4, 2012, Staff of the Public Utility Commission of Oregon filed a motion to suspend the procedural schedule in this docket to allow parties the opportunity to finalize and file a stipulation resolving the issues presented in this case. Staff explains that it has consulted with the other parties—Idaho Power Company and the Citizens' Utility Board of Oregon—and they agree to this motion.

Staff's request is granted. The procedural schedule of this proceeding is suspended for the purpose of finalizing the settlement and the filing of a stipulation. Because a Commission order is expected by May 29, 2012, I ask the parties to file the stipulation and supporting information by May 4, 2012.

Dated this 5<sup>th</sup> day of April, 2012 at Salem, Oregon.
