² ICNU/200 was supplemented at the hearing with one additional page, a confidential attachment, and is admitted with that page.

³ I did not rule on Noble Solutions/100-105 at the hearing. On August 17, 2012, Noble Solutions filed a motion to admit the prefiled testimony and exhibits of Kevin C. Higgins (Noble Solutions/100-105). I grant Noble Solutions' motion in this ruling.

On September 14, 2012, Pacific Power filed PAC/500, an exhibit to Pacific Power's opening brief. Parties may raise objections to the admission of PAC/500 into the record through **September 25, 2012**. If no objections are raised, PAC/500 will be admitted into the record.

With the exception of PAC/500, the parties' motions to admit prefiled testimony and exhibits are granted as noted above.
