

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UE 248

In the Matter of

IDAHO POWER COMPANY

General Rate Revision Application for  
Authority to include the Langley Power  
Plant Investment in Rate Base.

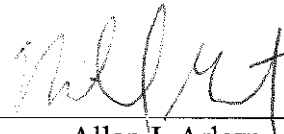

RULING

**DISPOSITION: PROCEDURAL SCHEDULE SUSPENDED**

On April 3, 2012 the Commission held a prehearing conference in this docket. The parties agreed to a schedule for the remainder of the proceeding, which was adopted. By letter of August 27, 2012, Idaho Power advised the Commission that the parties had reached an agreement in principle on all of the issues in the case. The company therefore requested that the schedule be suspended so that the parties would be able to finalize the settlement documents and submit them to the Commission. Idaho Power states that all of the parties support the request.

Good cause having been shown, the request is granted. The proceedings are suspended for a period of thirty (30) days from the date of this ruling. If the parties have not filed settlement documents within that time, Idaho Power shall file a status report with the Commission regarding the status of the parties' efforts at settlement.

Dated this 28th day of August, 2012 at Salem, Oregon.
