In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Request for a General Rate Revision.

RULING

DISPOSITION: SCHEDULE SUSPENDED; NEW SCHEDULE ADOPTED

On July 14, 2015, Portland General Electric Company filed a motion to suspend the procedural schedule for the net variable power cost (NVPC) portion of the docket and requested expedited consideration. PGE represented that the stipulating parties were discussing and would soon propose a new schedule to the Administrative Law Judge to address the one remaining issue on an expedited basis. The motion was granted and the schedule suspended.

On July 20, 2015, PGE filed a motion to suspend the procedural schedule for the main portion of the docket and requested expedited consideration. In support of the motion, PGE notes that only the company, Commission Staff, the Citizens' Utility Board of Oregon, the Small Business Utility Advocates, the Industrial Customers of Northwest Utilities, and the Kroger company (stipulating parties) participated in settlement discussions and have reached a settlement with respect to all issues in both the main and NVPC portions of the docket, except for the power cost issue referred to in the July 14, 2015 motion. The stipulating parties propose that the current schedule for the main portion of the case be suspended and that the following schedule for the remainder of the proceeding be adopted:
