RULING

DISPOSITION: MOTION TO WAIVE HEARING DENIED

On February 9, 2023, PacifiCorp filed a Motion to Waive Hearing (Expedited Consideration Requested). In its motion, PacifiCorp also asked that the associated February 13, 2023, requirements to file a list of active participants in the hearing and cross-examination statements also be waived. PacifiCorp represented in its motion that it conferred with Staff, the Oregon Citizens' Utility Board, and the Alliance of Western Energy Consumers and each party agreed waive the hearing and filing requirements. PacifiCorp states that the parties to this docket believe that the remaining issues can be appropriately addressed in the scheduled rounds of briefing.

Because one or more commissioners will have questions for the witnesses, the motion to waive hearing is denied. I will issue a memorandum next week more specifically delineating the topics to be addressed hearing.

Dated this 10th day of February, 2023, at Salem, Oregon.
