DISPOSITION: AMENDED SCHEDULE ADOPTED

By motion dated January 19, 2007, Idaho Power Company (Idaho Power) requested that a workshop set for January 22nd be rescheduled for February 21, 2007. By ruling dated January 22, 2007, (corrected on January 23, 2007) I granted that motion and directed Idaho Power to survey the parties regarding scheduling and report back the results.

By letter dated February 7, 2007, counsel for Idaho Power reports that all parties have conferred and request that the existing schedule remain intact – with one exception – the filing of an issues list, currently set for February 16th. The parties request that the issues list filing be removed from the schedule, while retaining the dates set for opening and closing comments.

In my ruling, I indicated that other parties would have ten days to file any response to Idaho Power. Based on counsel's representation that all parties agree, I adopt the schedule proposed in her letter.

Opening Comments	April 2, 2007
Closing Comments	May 4, 2007.

Dated at Salem, Oregon, this 9th day of February, 2007.

Patrick Power
Administrative Law Judge
