DISPOSITION: MOTION GRANTED

By motion filed October 25, 2007, Staff requests permission to file “clarifying comments” regarding its use of the term “upstream [CO<sub>2</sub>] emissions.” Staff’s proposed comments are attached to the motion.

By ruling dated October 25, 2007, I reopened this proceeding to receive additional comments and to schedule a workshop with the Commissioners. Staff’s motion works with the schedule adopted on October 25 and is granted.

The dates set in my October 25, 2007, ruling do not change. Parties may respond to the comments filed by staff in their comments on the final revised draft version of Guideline 8.

Dated this 29th day of October, 2007, at Salem, Oregon.
