**DISPOSITION: PETITION TO INTERVENE CONDITIONALLY
GRANTED**

On July 2, 2008, a petition to intervene out of time was filed by the Northwest & Intermountain Power Producers Coalition (NIPPC). Upon review of this petition, I find that NIPPC has sufficient interest in the proceeding, and that its appearance and participation will not unreasonably broaden the issues, burden the record, or unreasonably delay the proceeding. *See* OAR 860-012-0001. NIPPC's petition to intervene is conditionally granted. The petition to intervene will be finally granted once the period for objection has passed.

Dated at Salem, Oregon, this 8th day of July, 2008.

Traci A. G. Kirkpatrick
Administrative Law Judge
