OF OREGON**

UM 1442

In the Matters of

PUBLIC UTILITY COMMISSION OF
OREGON

Investigation to Determine if PACIFIC POWER's Rate
Revision Is Consistent With the Methodologies and
Calculations Required by Order No. 05-584

RULING

DISPOSITION: DEADLINE FOR RESPONSES SHORTENED

On October 6, 2009, the Industrial Customers of Northwest Utilities, Biomass One, Co-Gen II LLC, the Community Renewable Energy Association, and Renewable Energy Coalition (Joint Applicants) filed an Application for Reconsideration or Clarification regarding the scope and schedule for this investigation. The Joint Applicants seek expedited consideration of the request in order to obtain a resolution of this matter prior to the filing of intervenor testimony on November 3, 2009.

The Joint Applicants failed to seek a shortening of the response period to facilitate an expedited review. Under OAR 860-013-0050(3)(d) or OAR 860-014-0095(4), any party may file a response to the Joint Applicant's motion within 15 days of service. Thus, responses are due by October 21, 2009, just eight business days before intervenor testimony is due.

In order to allow the Commission the ability to issue an order addressing the Joint Applicant's motion at an earlier date, I find good cause exists to shorten the response period to nine days. Any party wishing to file a response must do so by October 15, 2009.

Dated this 8th day of October, 2009, in Salem, Oregon.

Michael Grant
Chief Administrative Law Judge
