SCHEDULING MEMORANDUM

On February 7, 2018, 2017, a memorandum was issued to determine the availability of the parties to reschedule a Commission workshop. The memorandum proposed three dates and directed the parties to confer and report back to the Administrative Hearings Division by February 12, 2018.

On February 12, 2018, Staff filed a letter that Staff had conferred with the parties as to which date worked best for a Commission workshop. Staff states that all parties that responded prefer February 27, 2018, for the workshop with the exception of Northwest and Intermountain Power Producers Coalition (NIPPC). NIPPC expressed that February 27 did not work for them.

Being that a majority of the parties prefer February 27, the Commission workshop will be scheduled for that date. A notice and agenda will be issued prior to the workshop.

Dated this 15th day of February 2018, at Salem, Oregon.
