vs.

PACIFICORP, dba PACIFIC POWER,

Defendant.

MEMORANDUM ON CONFERENCE
PURSUANT TO OAR 860-082-0085(10)

On April 12, 2024, Green Solar, LLC filed a complaint against PacifiCorp, dba Pacific Power, under OAR 860-082-0085 regarding enforcement of an interconnection agreement. As set forth in the notice issued on April 25, 2024, the Commission will hold a conference to discuss the complaints and answer pursuant to OAR 860-082-0085(10) at 2:00 p.m. on May 2, 2024. The purpose of this conference is to determine whether further information and process is required to make a decision on Green Solar's complaint or whether the filings provided to date are sufficient.

At the beginning of the conference, each party will be invited to provide a statement regarding their positions on the issues and the need for further process, and then I will ask questions of the parties and their witnesses. The parties should be prepared to discuss the factual allegations of the complaint and the answer, as well as to answer questions about the interconnection agreement and the interconnection process. Any witness answering questions at the hearing will be sworn in before providing their answers, similar to a hearing. The conference will be recorded and transcribed. Any statements made by witnesses may be made part of the record.

I will not rule on the issue of whether further process or bifurcation of any issues is required at the conference and will instead issue a written ruling following the written statements from parties. Consistent with the schedule issued on April 22, 2024, the parties may file their written statements by 3:00 p.m. on May 8, 2024.

Dated this 30th day of April, 2024, at Salem, Oregon.
