)
Request for a general revenue requirement)
increase in the amount of \$106,143, or 376%.)

On December 12, 2005, a prehearing conference was held in Klamath Falls, Oregon. The purpose of the prehearing conference was to identify issues, identify parties and interested persons, and establish a procedural schedule.

The Aegis Round Lake Sewer Company, LLC, (Company) and staff of the Public Utility Commission of Oregon (Staff) entered appearances. They agreed to the following procedural schedule, which was adopted:

EVENT	DATE
Petitions to Intervene Due	January 5, 2006
Pre-Settlement Data Requests Due	February 28, 2006
Pre-Settlement Data Responses Due	March 14, 2006
Settlement Conference	March 30, 2006
Post-Settlement Data Requests Due	April 4, 2006
Post-Settlement Data Responses Due	April 11, 2006
Staff/Intervenor Testimony Due	April 20, 2006
Evidentiary Hearing	April 27, 2006

The parties also agreed that the issues in this docket are standard rate issues, including revenues and expenses, proposed adjustments, rate of return, rate spread and design, and rate base. An additional issue for this docket is the adequacy of Company's service.

Staff will issue a notice to parties and interested persons indicating the time and place of the settlement conference.

Finally, I refer the parties to the Commission's procedural notes for contested case proceedings, located on the Commission's website (www.puc.state.or.us) at the following link http://www.puc.state.or.us/PUC/admin_hearings/guidelines.shtml

Dated this 19th day of December, 2005.

Kathryn A. Logan
Administrative Law Judge
