To UE 352 Parties,

This email is a follow-up to our prehearing conference yesterday. At the conference I indicated that parties could let me know by Friday (tomorrow) whether they wish to file written comments on the two proposed procedural schedules. Staff has now indicated that they will file written comments. I am setting a deadline of close of business Tuesday, January 29, 2019 for any written comments. Any written comments should be filed on Tuesday, as I do not plan to allow any responsive comments.

Thank you,
