**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

In the Matter of

AR 652

Rulemaking Regarding Intervenor Funding

**ROGUE CLIMATE'S  
NOTICE TO PARTICIPATE &  
REQUEST FOR HB 2475 FUNDING**

Rogue Climate (RC) submits this Notice to Participate and to seek funding in the above referenced docket. RC is a pre-certified eligible organization and AR 652, a rulemaking proceeding, is an eligible proceeding pursuant to Commission Order No. 22-043. AR 652 is not a contested case proceeding. AR 652 directly affects the utilities' - PGE, PacifiCorp, Idaho Power, Northwest Natural, Avista and Cascade - interests in funding and the administration of such funds through intervenor funding agreements to implement HB 2457. Thereby, the proceeding will affect their customers generally due to the utilities' authority to recover the funded amounts through rates and the proceedings affects their low income resident customers and environmental justice communities by enabling their participation in eligible proceedings through grants from the HB 2475 Funds.

///

For the foregoing reasons RC respectfully requests the Commission deem the proceeding an eligible proceeding, and acknowledge RC's Notice to Participate as an eligible organization, and its intent to request HB 2475 funding.
