Re: LC 79 – NW Natural’s 2022 IRP: Replacement Workpaper

Northwest Natural Gas Company, dba NW Natural (NW Natural or Company) provides notice of a replacement workpaper related to NW Natural’s 2022 Integration Resource Plan (IRP) filed on September 23, 2022.

While responding to a data request, NW Natural discovered a workpaper that inadvertently was saved to the ftp site. The workpaper calculates avoided costs and the amounts included in the original workpaper were in 2019 dollars. The Company has already replaced the workpaper on the ftp site to reflect 2021 dollars, which is consistent with what was used for analysis in the IRP. The workpaper does not contain any confidential information. The name of the replaced file is: Workpapers_2022 IRP Avoided Costs_Final IRP.xlsx

Please address correspondence on this matter to Rebecca Trujillo, rebecca.trujillo@nwnatural.com with copies to the following:
