COMPANY,

Draft Storage Potential Evaluation

And

In the Matter of

PUBLIC UTILITY COMMISSION OF  
OREGON,

Implementing Energy Storage Program  
Guidelines pursuant to House Bill 2193.

**Workshop Announcement-PGE's  
Residential Battery Energy Storage Pilot**

**Friday October 21, 2022, 1:30-4:30PM**

Order No. 22-201 in UM 2078- the Residential Battery Energy Storage Pilot's deferral reauthorization- requires PGE to "No less than 90 days prior to filing to adjust tariff rates, hold at least one workshop to present pilot costs, findings, and any design update." PGE will present these updates in the Q3 Flexible Load Advisory Stakeholder (FLASH) meeting. The link to the FLASH workshop is provided below.

**Background**

PGE is planning to submit an advice filing later this fall to make updates to Schedule 14 (the Residential Battery Energy Storage Pilot). These changes will update the rebates and ongoing payments when dispatch events are called for customers that are enrolled in this pilot. These proposed changes do not impact the agreed upon budget for the pilot from the partial stipulation in UM 1856.

**Questions**

If you have questions on the process or content of this workshop, contact:
