

**PUBLIC UTILITY COMMISSION OF OREGON  
INTRAOFFICE CORRESPONDENCE**

DATE: July 12, 2022  
TO: Caroline Moore  
FROM: Ted Drennan  
SUBJECT: Verification of Idaho Power Company's Compliance Filing for Standard Avoided Cost Purchases from Eligible Qualifying Facilities Rates Effective June 29, 2022. Docket UM 1730(7).

At its June 28, 2022, public meeting, the Public Utility Commission of Oregon (Commission) adopted Staff's recommendations regarding Idaho Power Company's (IPC or Company) avoided cost filing. In response to these requirements, IPC submitted its Compliance Filing on July 11, 2022.

As part of the verification, Staff reviewed the workpapers filed by the Company for completeness and accuracy. The checks and analytic tasks required to affirm the accuracy of rates included the following:

- Confirm that the prices contained in the filing conform to those of the included in the workpapers spreadsheet.
- Verify the specific adjustments ordered by the Commission are reflected in the final rates.

Staff filed no information requests as the filing included all requisite documents to perform the analysis and review. Staff finds that all of the revised sheets are correct.

Based on the review of the Company's application, Staff concludes that the proposed revisions are consistent with Commission direction at the June 28 Public Meeting and requests an acknowledgement letter be sent.
