

UG 389  
Joint Testimony/300  
Gardner, et.al.

**PUBLIC UTILITY COMMISSION  
OF  
OREGON**

**UG 389**

**STAFF/AVISTA/AWEC/CUB EXHIBIT 300**

**Joint Testimony in Support of the  
Third Partial Settlement Stipulation**

**September 3, 2020**

1 My name is Joseph D. Miller. I am a 1999 graduate of Portland State University with  
2 a Bachelor's degree in Business Administration, majoring in Accounting. In 2005, I  
3 graduated from Gonzaga University with a Master's degree in Business Administration. I  
4 joined the Company in March 2008, after spending eight years in both the public and private  
5 accounting sector. I started with Avista as a Natural Gas Accounting Analyst in the  
6 Company's Resource Accounting Department. In January 2009, I joined the State and Federal  
7 Regulation Department as a Regulatory Analyst. My primary responsibility was coordinating  
8 discovery for the Company's general rate case filings. In my current role as Senior Manager  
9 of Rates and Tariffs, I am responsible for the Company's electric and natural gas rate design  
10 and tariff administration, among other things.

11 My name is William Gehrke. I am an Economist with the Oregon Citizens' Utility  
12 Board ("CUB"). As one of CUB's economists, my responsibilities include the review of  
13 utility and telecommunications filings in Oregon on behalf of residential customers. In this  
14 particular docket, I am representing residential customers' concerns arising from Avista's  
15 General Rate Case filing.

16 My name is Bradley G. Mullins, and I am an Independent Energy and Utilities  
17 Consultant representing large energy consumers before state regulatory commissions. I am  
18 appearing in this matter on behalf of the Alliance of Western Energy Consumers ("AWEC"),  
19 a non-profit trade association of commercial and industrial electric and gas users in the states  
20 of Oregon, Idaho and Washington.

21 Hereafter, Staff, the Company, CUB and AWEC will collectively be referred to as the  
22 "Parties."

23 **Q. What is the purpose of your Joint Testimony?**

A. The purpose of our Joint Testimony is to describe and support the Third Partial Settlement Stipulation, filed on September 3, 2020 between Staff, CUB, AWEC, and the Company in Docket No. UG-389 (the “Third Stipulation”), which resolved the final issue in this proceeding, the treatment of Working Capital, among the Parties for the general rate increase filed on March 13, 2020. The Third Stipulation is the product of settlement discussions, open to all parties in this proceeding.<sup>1</sup>

**Q. Have you prepared any Exhibits?**

A. Yes. The Parties' Exhibit No. Joint Testimony/301 is the Third Stipulation filed with the Commission on September 3, 2020.

## II. BACKGROUND

**Q. Please describe the background behind the Company's original general rate case filing.**

A. On March 13, 2020, Avista filed revised tariff schedules to affect a general rate increase for Oregon retail customers of \$6,777,000, 6.8% of its annual revenues or 9.8% margin increase. The filing was suspended by the Commission on March 16, 2020, per its Order No. 20-086. Pursuant to Administrative Law Judge Allan J. Arlow's Prehearing Conference Notice of Telephone Prehearing Conference Memorandum of April 3, 2020, the first settlement conference, held telephonically, occurred on May 7, 2020.

As a result of that first settlement discussion, the Parties agreed to settle all issues in this Docket concerning the Cost of Capital, including Capital Structure, Long-Term Debt Cost

<sup>1</sup> The Parties previously entered into a Partial Settlement on Cost of Capital, which was filed on May 18, 2020 and a Second Partial Settlement which settled all remaining issues in this Docket, except for Working Capital, filed on August 13, 2020.

1 and Return on Equity, subject to the approval of the Commission, which was filed on May 18,  
2 2020. Staff, CUB, and AWEC filed Opening Testimony on July 21, 2020, in response to the  
3 Company's original filing on March 13, 2020.

4 On August 3, 2020 the Parties held a second telephonic settlement discussion and  
5 agreed to settle all remaining issues in this Docket, except the issue of Working Capital. The  
6 settled items include adjustments to the revenue requirement, rate spread and rate design  
7 issues, Allowance for Funds Used During Construction (AFUDC) accounting treatment,  
8 changes in customer deposit requirements, and modifications to the language regarding the  
9 Comfort Level Billing program, subject to the approval of the Commission. The Second  
10 Partial Settlement Stipulation was filed on August 13, 2020. The issue of Working Capital  
11 was to be further reviewed by the Parties under the existing Procedural Schedule.

12 On August 18, 2020 the Company filed reply testimony which addressed the issue of  
13 Working Capital. On August 20, 2020 the Parties participated in a telephonic workshop  
14 addressing Working Capital and the components of the Company's proposed lead/lag study.  
15 On August 24, 2020, a third telephonic settlement discussion was held, for purposes of  
16 resolving the final issue of Working Capital. Both the workshop and the settlement discussion  
17 were attended by all Parties. The third telephonic settlement discussion resulted in agreement  
18 on the treatment of Working Capital and is the basis of this Third Stipulation.

19  
20 **III. SUMMARY OF THE FIRST PARTIAL SETTLEMENT STIPULATION**

21 **Q. What revenue requirement adjustments to Avista's originally filed case are**  
22 **included in the First Partial Settlement Stipulation?**

A. The adjustments reached in the First Partial Settlement Stipulation amounted to a total reduction in Avista's revenue requirement increase request from \$6.777 million to a base revenue increase request of \$5.685 million. The adjustments to Avista's revenue requirement reflected in the first Partial Settlement Stipulation are shown in Table No. 1 below:

**Table No. 1 – Summary of Adjustments to Revenue Requirement and Rate Base (First Partial Settlement Stipulation)**

	Revenue Requirement	Rate Base
	\$6,777	\$304,664
<b>Cost of Capital</b>		
Adjusts return on equity to 9.40%, long-term debt cost to 5.07%, with a common stock equity component of 50%, and overall Cost of Capital of 7.24%.	(1,092)	-
<b>Total Adjustments:</b>	<b>(\$1,092)</b>	<b>\$0</b>
	<b>\$5,685</b>	<b>\$304,664</b>

This adjustment reduces Avista's requested cost of capital to an overall cost of capital equal to 7.24% based on the following components: a capital structure consisting of 50% common stock equity and 50% long-term debt, return on equity of 9.40%, and a long-term debt cost of 5.07%. This combination of capital structure and capital costs is shown in the Table No. 2 below.<sup>2</sup>

**Table No. 2 – Agreed-Upon Cost of Capital**

AGREED-UPON COST OF CAPITAL			
	Capital Structure	Debt Cost	Weighted Cost
Long Term Debt	50.00%	5.07%	2.54%
Common Equity	50.00%	9.40%	4.70%
Total	100.00%		7.24%

<sup>2</sup> The agreed-upon capital structure (50/50) and cost of equity (9.4%) represent a continuation of currently approved levels approved in Docket No. UG-366.

**IV. TERMS OF THE SECOND PARTIAL SETTLEMENT STIPULATION**

**Q. Without repeating the testimony provided in support of the Second Partial Settlement Stipulation, what was the effect on Avista's revenue requirement after considering the agreed-upon adjustments (Exhibit No. Joint Testimony/201)?**

A. The adjustments reached in the Second Partial Settlement Stipulation resolved all remaining issues in this Docket, with the exception of Working Capital. This resulted in a further reduction to Avista's proposed increase from the First Partial Settlement Stipulation of \$5.685 million (as shown in Table No. 1 above) to a base revenue increase request of \$4.212 million. In addition, the Parties agreed to reduce rate base from the First Partial Settlement Stipulation of \$304.7 million to \$303.3 million. The net impact of these adjustments is shown in Table No. 3 below:

**Table No. 3 – Summary of Adjustments to Revenue Requirement and Rate Base (Second Partial Settlement)**

	Revenue Requirement	Rate Base
First Partial Settlement Stipulation	\$5,685	\$304,664
Miscellaneous Adjustments These adjustments resolve all issues in this Docket, with the exception of Working Capital	(1,473)	(1,338)
Total Adjustments:	(\$1,473)	(\$1,338)
Second Partial Settlement Stipulation Final	\$4,212	\$303,326

**V. TERMS OF THE THIRD PARTIAL SETTLEMENT STIPULATION**

**Q. What revenue requirement adjustment to Avista's originally filed case are included in the Third Stipulation (Exhibit No. Joint Testimony/301)?**

A. The adjustment reached in this Third Stipulation resolved the final outstanding issue of Working Capital. Company witness Ms. Pluth provided detailed testimony on August

1 18 related to the genesis and calculation of Avista's Working Capital adjustment. With this  
2 agreement, the Parties have now addressed all issues in this Docket. The Parties agreed that  
3 Avista should be provided an additional \$0.155 million increase related to Working Capital.  
4 This results in an increase to Avista's revenue requirement increase request from the Second  
5 Partial Settlement Stipulation of \$4.212 million (as shown in Table No. 3 above) to a final base  
6 revenue increase request of \$4.367 million. In addition, the parties agreed to increase rate base  
7 from the Second Partial Settlement Stipulation of \$303.3 million to \$305.0 million. The net  
8 impact of these adjustments is shown in Table No. 4 below:

9 **Table No. 4 – Summary of Adjustments to Revenue Requirement and Rate Base (Third**  
10 **Stipulation)**

	Revenue Requirement	Rate Base
Second Partial Settlement Stipulation	\$4,212	\$303,326
<b>Miscellaneous Adjustments</b> This adjustment reflects the impact of the lead/lag study on Working Capital. For Settlement purposes the Parties agree to a working cash factor of 2.5% resulting in an \$155,000 of additional revenue requirement and \$1,700,000 increase in rate base.	155	1,700
<b>Total Adjustments:</b>	<b>\$155</b>	<b>\$1,700</b>
<b>Third Partial Settlement Stipulation</b>	<b>\$4,367</b>	<b>\$305,026</b>

17  
18 Attachment A to the Stipulation (Exhibit No. Joint Testimony/301) provides the final agreed-  
19 upon revenue requirement and rate base, incorporating all of the agreements reached in the  
20 three Stipulations. Further, Attachments B-D also include the net effect of all of the items  
21 agreed to in the three Stipulations related to rate spread, rate design, and decoupling.

22 **Q. Did the Parties agree to other issues related to Working Capital?**

23 A. Yes. In addition to the change in revenue requirement and rate base, the Parties  
24 agreed to the following as it relates to Working Capital:

- a. The Parties agree to include a working cash factor of 2.5 percent, resulting in \$155,000 of additional revenue requirement in UG 389 rates for cash working capital (as discussed above).
- b. Avista agrees to conduct a new lead/lag study that is robust and designed consistent with industry standards prior to the filing of its next rate case that includes cash working capital in revenue requirement.
- c. The Parties agree that measurements used in the new lead/lag study may include but are not limited to statistical sampling, 100 percent sampling, mathematical formula, and segregation of data by type (e.g. customer class, fuel type, or maintenance type).
- d. Avista agrees to provide, in supporting testimony for its next rate case that includes cash working capital, a description and supporting documentation for its method of measuring lead or lag for each study component that establishes the validity and appropriateness of the measurement used.
- e. Avista agrees to perform sufficient analysis to ensure there is no double-counting between working cash and rate base and will review and document its treatment of vacation accrual, purchase gas and materials and supplies in supporting testimony for its next rate case.
- f. The Parties acknowledge this stipulation does not address any effects of the utility's and ratepayers' actions in response to the COVID-19 pandemic, and that any such effects may be addressed separately from this stipulation.

**Q. Do the Stipulating Parties agree on the methodology employed by the Parties to determine the Working Capital adjustment?**

A. No, the Parties do not necessarily agree upon the methodology used to determine the final Working Capital adjustment included in the Stipulation, however the Parties believe that the agreed-upon adjustment, in combination with the other agreed-upon adjustments included in the first two Stipulations, results in a reasonable financial settlement to address all of the issues in this docket, and result in an overall revenue requirement and rate spread and rate design that will produce rates that are fair, just and reasonable. The Company agrees, however, to address certain matters described above in connection with any proposed working capital adjustment in its next general rate filing.

**VI. RATE SPREAD/DESIGN & DECOUPLING UPDATED INFORMATION**

**Q. What is resulting spread of the agreed-upon revenue requirement, given the rate spread agreement reached in the Second Partial Settlement Stipulation?**

A. The Parties support the spread of the January 15, 2021, overall billed revenue increase of \$4.367 million, or 4.4 percent, to the Company's service schedules as shown in Table No. 4 below (and as shown in Attachment B in Exhibit No. Joint Testimony/301), including the impact of the Working Capital adjustment agreed to in this Stipulation. This reflects all agreements reached in the all three Settlement Stipulations.

**Table No. 5: Agreed-Upon Rate Spread**

<u>Schedule Description</u>	<u>Rate Schedule</u>	<u>Revenue Increase (\$000s)</u>	<u>% Increase in Base Revenue</u>	<u>% Increase in Billed Revenue*</u>
Residential	410	\$2,810	6.3%	4.4%
General Service	420	\$1,535	7.9%	5.4%
Large General Service	424	\$2	0.5%	0.2%
Interruptible Service	440	\$8	0.5%	0.2%
Seasonal Service	444	\$0	0.5%	0.2%
Transportation Service	456	<u>\$12</u>	<u>0.5%</u>	<u>0.5%</u>
<b>Total</b>		<b><u>\$4,367</u></b>	<b><u>6.3%</u></b>	<b><u>4.4%</u></b>

\* Billed Revenue includes base rate revenue plus revenues associated with natural gas supply, energy efficiency, intervenor funding, and other items.

The Parties support the rate design contained in the Second Partial Settlement Stipulation. Attachment C to the Stipulation (Exhibit No. Joint Testimony/301) provides the agreed-upon base rates, reflecting the additional increase related to Working Capital.<sup>3</sup>

**Q. What is the impact to the average residential bill as a result of the agreement of the Parties?**

A. For the revenue requirement included in this Stipulation, based on an average usage level of 47 therms per month, the average bill for a Schedule 410 residential customer,

<sup>3</sup> The agreed-upon billing determinants reflect the updated load adjustments as discussed in Section 7 item q in the Second Partial Settlement Stipulation.

1 which includes both base and adder schedules<sup>4</sup>, would increase \$2.51 per month, or 4.4  
2 percent, from \$56.40 to \$58.91. This bill change includes the Working Capital adjustment,  
3 previously discussed.

4 Finally, Attachment D to the Third Stipulation (Exhibit No. Joint Testimony/301)  
5 reflects the new decoupling base, incorporating the impacts of the Working Capital adjustment,  
6 effective January 15, 2021 that is supported by the Parties. The new decoupling base provides  
7 the “Monthly Allowed Customers” and “Monthly Decoupled Revenue per Customer” which  
8 incorporate the effects of the settlement revenue requirement discussed earlier.

9 **Q. Should the information contained in Exhibits A-D to the Third Stipulation**  
10 **be treated as reflecting the final cumulative effect of all three Stipulations?**

11 A. Yes. To the extent inconsistent with information provided in the earlier Partial  
12 Stipulations, the information in Attachments A through D shall govern and supplant the same.

13  
14 **VII. STATEMENTS OF THE PARTIES<sup>5</sup>**

15 **Statement of Avista**

16 **Q. Does Avista support the Third Stipulation which resolves the final issue in**  
17 **this Docket (Working Capital), including the associated adjustment to the revenue**  
18 **requirement and rate base?**

19 A. Yes. The Settlement strikes a reasonable balance between the interests of  
20 Avista’s customers and the Company on the issue of Working Capital. As with the prior  
21 Stipulations, the third Stipulation was a compromise among differing interests and represents

---

<sup>4</sup> “Adder” schedules recover costs associated with natural gas supply (Schedules 461 and 462), energy efficiency (Schedules 469 and 478), intervenor funding (Schedule 476), and other items.

<sup>5</sup> The Statements provided by each Party represent their views only as it relates to the Settlement and should not be construed as being the views of the Parties collectively.

1 give-and-take. The Third Stipulation was entered into following the filing of reply testimony  
2 concerning Working Capital, several informal data responses, and a detailed workshop  
3 attended by all parties. For these reasons, the Third Settlement is in the public interest and  
4 should be approved by the Commission. In addition, when combined with the prior settlements  
5 reached in this matter, the combined agreement resolving all issues we believe is a fair, just  
6 and reasonable outcome.

7  
8 **Statement of Staff**

9 **Q. Ms. Gardner, please explain why Staff believes the Third Stipulation is in**  
10 **the public interest.**

11 A. Staff supports the Third Stipulation and the prior two stipulations as a  
12 reasonable compromise of the issues in this rate case that balances customers' interests and  
13 shareholder interests, and that results in fair, just and reasonable rates. Staff supports the  
14 resolution on cash working capital in this Third Stipulation based on Staff's evaluation and  
15 analysis of the issues, further informed by Staff practice in other rate cases. Staff's position  
16 on the adjustments in the three stipulations is supported by its opening testimony, a further  
17 evaluation of the available information and the conclusion that the agreed-to adjustments fall  
18 within a reasonable range of outcomes at this time.

19  
20 **Statement of CUB**

21 **Q. Does CUB support the Third Stipulation which resolves the Working**  
22 **Capital issue.**

1           A.       Yes. CUB supports the Third Stipulation. In response to concerns by parties,  
2 the Company filed supplemental testimony on Working Capital. Additionally, all parties to the  
3 docket participated in a detailed workshop on Working Capital. CUB believes that the Third  
4 Stipulation has reached a reasonable outcome on the Working Capital issue.

5  
6           **Statement of AWEC**

7           **Q.       Please explain why AWEC believes the Third Stipulation is in the public**  
8 **interest.**

9           A.       AWEC believes the Third Stipulation is in the public interest and recommends  
10 the Commission approve the stipulation because it's a fair compromise on the working capital  
11 issue. AWEC supports the Third Stipulation and prior stipulations which combined brought  
12 down the overall gas revenue requirement increase from \$6,777,000 as originally filed to  
13 \$4,367,000, generally consistent with the testimony and litigation positions of AWEC and  
14 other parties.

15           Further, the Third Stipulation continues to spread the increase consistent with the  
16 recommendation of AWEC using a CIO adjustment as reflected in my opening testimony. The  
17 adjustments to my original recommendation including changing the CIO adjustment cap from  
18 150 percent to 125 percent, and changing the CIO adjustment floor from 0.0 percent to 0.5  
19 percent. AWEC believes the Third Stipulation continues to represent a fair compromise of the  
20 rate spread issues as it recognizes the results of Avista's long run incremental cost study  
21 showing that some rate classes are well above cost of service. While the settlement does not  
22 completely move all rates to cost of service, AWEC supports the proposed margin revenue

1 allocation because it makes a gradual movement to cost based rates. The overall result is a  
2 fair compromise between Avista and its customers.

3  
4 **VIII. CONCLUSION**

5 **Q. Do the Parties agree that the Third Stipulation provided as Exhibit No.**  
6 **Joint Testimony/301 is in the public interest and results in an overall fair, just and**  
7 **reasonable outcome?**

8 A. Yes, the Parties do. The Stipulating Parties have reviewed Avista's opening  
9 and reply testimony, Staff and the Intervenors' opening testimony, the Parties' responses to  
10 numerous data requests, participated in a Working Capital workshop, and carefully analyzed  
11 the issues. The Stipulating Parties find that the agreement around Working Capital, which had  
12 not been resolved in the prior settlements, represents a reasonable resolution of the issue  
13 presented by the Parties and will, in combination with the other Stipulations reached in this  
14 case, result in rates that are fair, just and reasonable.

15 **Q. What do the Parties recommend regarding the Stipulation?**

16 A. We recommend that the Commission adopt the Stipulation in its entirety.

17 **Q. Does this conclude your Joint Testimony?**

18 A. Yes.

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UG 389

In the Matter of	)	
	)	
AVISTA CORPORATION, dba AVISTA	)	THIRD PARTIAL SETTLEMENT
UTILITIES	)	STIPULATION
	)	
Request for a General Rate Revision	)	

This Third Partial Settlement Stipulation (“Third Stipulation”) is entered into for the purpose of resolving the remaining issue in this proceeding, the treatment of Working Capital.

**PARTIES**

The Parties to this Third Stipulation are Avista Corporation (“Avista” or the “Company”), the Staff of the Public Utility Commission of Oregon (“Staff”), the Oregon Citizens’ Utility Board (“CUB”), and the Alliance of Western Energy Consumers (“AWEC”) (collectively, “Parties”). These Parties represent all who intervened and appeared in this proceeding.<sup>1</sup>

**BACKGROUND**

1. On March 13, 2020, Avista filed revised tariff schedules to affect a general rate increase for Oregon retail customers of \$6,777,000, or 6.8% of its annual revenues or 9.8% margin increase. The filing was suspended by the Commission on March 16, 2020, per its Order No. 20-086.

---

<sup>1</sup> The Parties previously entered into a Partial Settlement on Cost of Capital, which was filed on May 18, 2020 and a Second Partial Settlement which settled all remaining issues in this Docket, except for Working Capital, filed on August 13, 2020.

1           2.   Pursuant to Administrative Law Judge Allan J. Arlow's Prehearing Conference  
2   Notice of Telephone Prehearing Conference Memorandum of April 3, 2020, the first settlement  
3   conference, held telephonically, occurred on May 7, 2020.

4           3.   As a result of that first settlement discussion, the Parties agreed to settle all issues in  
5   this Docket concerning the Cost of Capital, including Capital Structure, Long-Term Debt Cost and  
6   Return on Equity, subject to the approval of the Commission, which was filed on May 18, 2020.

7           4.   Staff, CUB, and AWEC filed Opening Testimony on July 21, 2020, in response to  
8   the Company's original filing on March 13, 2020.

9           5.   On August 3, 2020 the Parties held a second telephonic settlement discussion and  
10   agreed to settle all remaining issues in this Docket, except the issue of Working Capital. The  
11   settled items include adjustments to the revenue requirement, rate spread and rate design issues,  
12   Allowance for Funds Used During Construction (AFUDC) accounting treatment, changes in  
13   customer deposit requirements, and modifications to the language regarding the Comfort Level  
14   Billing program, subject to the approval of the Commission. The Second Partial Settlement  
15   Stipulation was filed on August 13, 2020. The issue of Working Capital was to be further reviewed  
16   by the Parties under the existing Procedural Schedule.

17          6.   On August 18, 2020 the Company filed reply testimony, sponsored by Company  
18   witness Ms. Pluth, which addressed the issue of Working Capital. On August 20, 2020 the Parties  
19   participated in a telephonic workshop addressing Working Capital and the components of the  
20   Company's proposed lead/lag study. On August 24, 2020, a third telephonic settlement discussion  
21   was held, for purposes of resolving the final issue of Working Capital. Both the workshop and the  
22   settlement discussion were attended by all Parties. The third telephonic settlement discussion  
23   resulted in agreement on the treatment of Working Capital and is the basis of this Third Stipulation.

**SUMMARY OF THE FIRST PARTIAL SETTLEMENT STIPULATION**

**7. Adjustments to Filed Revenue Requirement:**

The adjustments reached in the First Partial Settlement Stipulation amounted to a total reduction in Avista's revenue requirement increase request from \$6.777 million to a base revenue increase request of \$5.685 million. The adjustments to Avista's revenue requirement reflected in the first Partial Settlement Stipulation are shown in Table No. 1 below:

**Table No. 1 – Summary of Adjustments to Revenue Requirement and Rate Base (First Partial Settlement Stipulation)**

	Revenue Requirement	Rate Base
	\$6,777	\$304,664
<b>Cost of Capital</b>		
Adjusts return on equity to 9.40%, long-term debt cost to 5.07%, with a common stock equity component of 50%, and overall Cost of Capital of 7.24%.	(1,092)	-
<b>Total Adjustments:</b>	<b>(\$1,092)</b>	<b>\$0</b>
	<b>\$5,685</b>	<b>\$304,664</b>

8. This adjustment reduces Avista's requested cost of capital to an overall cost of capital equal to 7.24% based on the following components: a capital structure consisting of 50% common stock equity and 50% long-term debt, return on equity of 9.40%, and a long-term debt cost of 5.07%. This combination of capital structure and capital costs is shown in the Table No. 2 below.<sup>2</sup>

**Table No. 2 – Agreed-Upon Cost of Capital**

AGREED-UPON COST OF CAPITAL			
	Capital Structure	Debt Cost	Weighted Cost
Long Term Debt	50.00%	5.07%	2.54%
Common Equity	50.00%	9.40%	4.70%
Total	100.00%		7.24%

<sup>2</sup> The agreed-upon capital structure (50/50) and cost of equity (9.4%) represent a continuation of currently approved levels approved in Docket No. UG-366.

**SUMMARY OF THE SECOND PARTIAL SETTLEMENT STIPULATION**

9. The adjustments reached in the Second Partial Settlement Stipulation resolved all remaining issues in this Docket, with the exception of Working Capital. This resulted in a further reduction to Avista's proposed increase from the First Partial Settlement Stipulation of \$5.685 million (as shown in Table No. 1 above) to a base revenue increase request of \$4.212 million. In addition, the Parties agreed to reduce rate base from the First Partial Settlement Stipulation of \$304.7 million to \$303.3 million. The net impact of these adjustments is shown in Table No. 3 below:

**Table No. 3 – Summary of Adjustments to Revenue Requirement and Rate Base (Second Partial Settlement)**

	Revenue Requirement	Rate Base
First Partial Settlement Stipulation	\$5,685	\$304,664
Miscellaneous Adjustments These adjustments resolve all issues in this Docket, with the exception of Working Capital	(1,473)	(1,338)
Total Adjustments:	(\$1,473)	(\$1,338)
Second Partial Settlement Stipulation Final	\$4,212	\$303,326

**SUMMARY OF THE THIRD PARTIAL SETTLEMENT STIPULATION**

10. The adjustment reached in this Third Stipulation resolved the final outstanding issue of Working Capital. Company witness Ms. Pluth provided detailed testimony on August 18, 2020 related to the genesis and calculation of Avista's Working Capital adjustment. With this adjustment, the Parties have now addressed all issues in this Docket. The Parties agreed that Avista should be provided an additional \$0.155 million increase related to Working Capital. This results in an increase to Avista's revenue requirement increase request from the Second Partial Settlement Stipulation of \$4.212 million (as shown in Table No. 3 above) to a final base revenue increase

request of \$4.367 million. In addition, the Parties agreed to increase rate base from the Second Partial Settlement Stipulation of \$303.3 million to \$305.0 million. The net impact of these adjustments is shown in Table No. 4 below:

**Table No. 4 – Summary of Adjustments to Revenue Requirement and Rate Base (Third Stipulation)**

	Revenue Requirement	Rate Base
<b>Second Partial Settlement Stipulation</b>	<b>\$4,212</b>	<b>\$303,326</b>
<b>Miscellaneous Adjustments</b> This adjustment reflects the impact of the lead/lag study on Working Capital. For Settlement purposes the Parties agree to a working cash factor of 2.5% resulting in an \$155,000 of additional revenue requirement and \$1,700,000 increase in rate base.	<b>155</b>	<b>1,700</b>
<b>Total Adjustments:</b>	<b>\$155</b>	<b>\$1,700</b>
<b>Third Partial Settlement Stipulation</b>	<b>\$4,367</b>	<b>\$305,026</b>

In addition to the change in revenue requirement and rate base, the Parties agreed to the following as it relates to Working Capital:

- a. The Parties agree to include a working cash factor of 2.5 percent, resulting in \$155,000 of additional revenue requirement in UG 389 rates for cash working capital (as discussed above).
- b. Avista agrees to conduct a new lead/lag study that is robust and designed consistent with industry standards prior to the filing of its next rate case that includes cash working capital in revenue requirement.
- c. The Parties agree that measurements used in the new lead/lag study may include but are not limited to statistical sampling, 100 percent sampling, mathematical formula, and segregation of data by type (e.g. customer class, fuel type, or maintenance type).
- d. Avista agrees to provide, in supporting testimony for its next rate case that includes cash working capital, a description and supporting documentation for its method of measuring lead or lag for each study component that establishes the validity and appropriateness of the measurement used.
- e. Avista agrees to perform sufficient analysis to ensure there is no double-counting between working cash and rate base and will review and document its treatment of vacation accrual, purchase gas and materials and supplies in supporting testimony for its next rate case.

f. The Parties acknowledge this Stipulation does not address any effects of the utility's and ratepayers' actions in response to the COVID-19 pandemic, and that any such effects may be addressed separately from this stipulation.

11. For the ease of the Commission, Attachment A to this Stipulation provides the final agreed-upon revenue requirement, incorporating all of the agreements reached in the three Stipulations. Further, Attachments B-D also include the net effect of all of the items agreed to in the three Stipulations related to rate spread, rate design, and decoupling, and are discussed further below.

12. **Proposed Effective Date:** The proposed rate effective date is January 15, 2021, consistent with the Second Partial Settlement Stipulation.

13. **Rate Spread:** The Parties support the spread of the January 15, 2021, overall billed revenue increase of \$4.367 million, or 4.4 percent, to the Company's service schedules as shown in Table No. 4 below (and as shown in Attachment B to this Stipulation), including the impact of the Working Capital adjustment agreed to in this Stipulation. This reflects all agreements reached in all three Settlement Stipulations.

**Table No. 5: Agreed-Upon Rate Spread**

<b>Schedule Description</b>	<b>Rate Schedule</b>	<b>Revenue Increase (\$000s)</b>	<b>% Increase in Base Revenue</b>	<b>% Increase in Billed Revenue*</b>
Residential	410	\$2,810	6.3%	4.4%
General Service	420	\$1,535	7.9%	5.4%
Large General Service	424	\$2	0.5%	0.2%
Interruptible Service	440	\$8	0.5%	0.2%
Seasonal Service	444	\$0	0.5%	0.2%
Transportation Service	456	<u>\$12</u>	<u>0.5%</u>	<u>0.5%</u>
<b>Total</b>		<b><u>\$4,367</u></b>	<b><u>6.3%</u></b>	<b><u>4.4%</u></b>

\* Billed Revenue includes base rate revenue plus revenues associated with natural gas supply, energy efficiency, intervenor funding, and other items.

1           14. **Rate Design:** The Parties support the rate design contained in the Second Partial  
2 Settlement Stipulation. Attachment C to this Stipulation provides the agreed-upon base rates,  
3 reflecting the additional increase related to Working Capital.<sup>3</sup>

4           15. **Residential Bill Change:** For the revenue requirement included in this Stipulation,  
5 based on an average usage level of 47 therms per month, the average bill for a Schedule 410  
6 residential customer, which includes both base and adder schedules<sup>4</sup>, would increase \$2.51 per  
7 month, or 4.4 percent, from \$56.40 to \$58.91. This bill change includes the Working Capital  
8 adjustment, previously discussed.

9           16. **Decoupling:** Attachment D to the Third Stipulation reflects the new decoupling base,  
10 incorporating the impacts of the Working Capital adjustment, effective January 15, 2021 that is  
11 supported by the Parties. The new decoupling base provides the “Monthly Allowed Customers”  
12 and “Monthly Decoupled Revenue per Customer” which incorporate the effects of the settlement  
13 revenue requirement discussed earlier.<sup>5</sup>

14           17. The Parties agree that this Third Stipulation is in the public interest and results in an  
15 overall fair, just, and reasonable outcome, and will serve to reduce the number of contested  
16 adjustments in this case.

17           18. The Parties agree that this Third Stipulation represents a compromise in the positions  
18 of the Parties. Without the written consent of all Parties, evidence of conduct or statements,  
19 including but not limited to term sheets or other documents created solely for use in settlement  
20 conferences in this Docket, are not admissible in the instant or any subsequent proceeding unless

---

<sup>3</sup> The agreed-upon billing determinants reflect the updated load adjustments as discussed in Section 7 item q in the Second Partial Settlement Stipulation.

<sup>4</sup> “Adder” schedules recover costs associated with natural gas supply (Schedules 461 and 462), energy efficiency (Schedules 469 and 478), intervenor funding (Schedule 476), and other items.

<sup>5</sup> See footnote 4.

1 independently discoverable or offered for other purposes allowed under ORS 40.190. Nothing in  
2 this paragraph precludes a party from stating as a factual matter what the Parties agreed to in this  
3 Third Stipulation or in the Parties' testimony supporting the stipulation.

4 19. Further, this Third Stipulation sets forth the entire agreement between the Parties and  
5 supersedes any and all prior communications, understandings, or agreements, oral or written,  
6 between the Parties pertaining to the subject matter of this Stipulation.

7 20. This Third Stipulation will be offered into the record in this proceeding as evidence  
8 pursuant to OAR 860-001-0350(7). The Parties agree to support this Third Stipulation throughout  
9 this proceeding and any appeal. The Parties further agree to provide witnesses to sponsor the Third  
10 Stipulation at any hearing held, or, in a Party's discretion, to provide a representative at the hearing  
11 authorized to respond to the Commission's questions on the Party's position as may be appropriate.

12 21. If this Third Stipulation is challenged by any other party to this proceeding, the  
13 Parties to this Third Stipulation reserve the right to cross-examine witnesses and put on such case  
14 as they deem appropriate to respond fully to the issues presented, including the right to raise issues  
15 that are incorporated in the settlement embodied in this Third Stipulation. Notwithstanding this  
16 reservation of rights, the Parties agree that they will continue to support the Commission's  
17 adoption of the terms of this Third Stipulation.

18 22. The Parties have negotiated this Third Stipulation as an integrated document. If the  
19 Commission rejects all or any material portion of this Third Stipulation, or imposes additional  
20 material conditions in approving this Third Stipulation, any Party disadvantaged by such action  
21 shall have the rights provided in OAR 860-001-0350(9) and shall be entitled to seek  
22 reconsideration or appeal of the Commission's Order.

23. By entering into this Third Stipulation, no Party shall be deemed to have approved, admitted, or consented to the facts, principles, methods, or theories employed by any other Party in arriving at the terms of this Third Stipulation. No Party shall be deemed to have agreed that any provision of this Third Stipulation is appropriate for resolving the issues in any other proceeding.

24. This Third Stipulation may be executed in counterparts and each signed counterpart shall constitute an original document. The Parties further agree that any electronically-generated signature of a Party is valid and binding to the same extent as an original signature.

25. This Third Stipulation may not be modified or amended except by written agreement among all Parties who have executed it.

This Third Stipulation is entered into by each Party on the date entered below such Party's signature.
